

## Iraq Leader Dies In Crash

### Other Officials Die In Fatal 'Copter Accident

BEIRUT, Lebanon (AP) — President Abdel Salam Aref of Iraq, who survived repeated violent political upheavals in the past eight years, was killed Wednesday night in the crash of his helicopter 20 minutes after taking off from a political rally near Basra, Baghdad Radio announced.

The Iraqi Radio said Interior Minister Maj. Gen. Abdel Latif Daraji and Industry Minister Mustafa Abdullah also were killed in the crash near the Persian Gulf port.

## LBJ Flies To Mexico For a Visit

### May Be Warmup For a Future State Conference

SAN ANTONIO, Tex. (AP) — President Johnson flies to Mexico City today for a brief, informal state visit that may be a warmup for a later state visit.

In advance of Johnson's afternoon departure, Robert H. Fleming, deputy press secretary, twice emphasized that the 24-hour trip is informal and that a possible state visit in the future is under consideration.

However, no effort was made to cloak White House hopes that the President's first visit to a foreign capital will draw a tumultuous crowd. Officials here quoted Mexican officials as predicting 1 million Mexicans will line Johnson's 9-mile motorcade route into the city.

A traditional 21-gun salute and other formal military honors were prepared for Johnson's arrival this evening at the 7,000-foot-high Mexican capital. Airport speeches were being written both by Johnson and Mexico's President Gustavo Diaz Ordaz.

Mrs. Johnson, flying here from Washington to pick up her husband, will spend the night with him in Mexico's White House — the Los Pinos residence of Diaz Ordaz.

The presidents and first ladies of the two countries planned an evening together before Friday's formal ceremonies — a Johnson wreath-laying at the monument commemorating Mexico's independence and the unveiling of a statue of Abraham Lincoln.

### Pass One Bill

## Senate, House Adjourn To Return On Wednesday

JEFFERSON CITY (AP) — The Missouri House went through the formalities of opening a morning session, but quickly adjourned with no business to conduct.

The Senate cleared its calendar Wednesday.

Both will return next Wednesday.

Only one bill has passed the legislature — an emergency appropriations bill. Only two weeks will remain in the special session when the legislature returns.

Sen. J. F. (Pat) Patterson, D-Caruthersville, chairman of the Senate Appropriations Committee, said he would work his committee day and night in an effort to get the budget ready for floor action next week.

Wednesday night, the House Roads and Highways Committee completed hearings on the controversial bills to regulate billboards and junkyards along major traffic arteries. But no action was taken.

Another meeting is scheduled next week to take up a third bill in the highway beautification package — one to authorize the State Highway Department to buy scenic spots for rest areas.

Representatives of the outdoor advertising industry and tourist business offered amendments to the Senate version of the billboard bill. There were indications some changes would be made.

The beautification bills are necessary if Missouri is to qualify for about \$23 million in federal road funds, proponents argue.

The House Education Committee Wednesday night approved a bill to give school districts state aid for part time students. The vote sending it to the floor for action was 17-5.

Rep. James I. Spainhower, D-Saline County, said his bill is intended as a companion measure to a so-called "shared time" bill that is stuck in a Senate committee.

Ten persons were aboard the helicopter, and all died in the crash, the radio said. Among them were the governor of Basra Province and the secretary-general of the presidential palace staff. All were burned beyond recognition except Aref.

Premier Abdel Rahman Bazzaz will be acting president until the Council of Ministers and the National Defense Council elect Aref's successor within a week, the broadcast said.

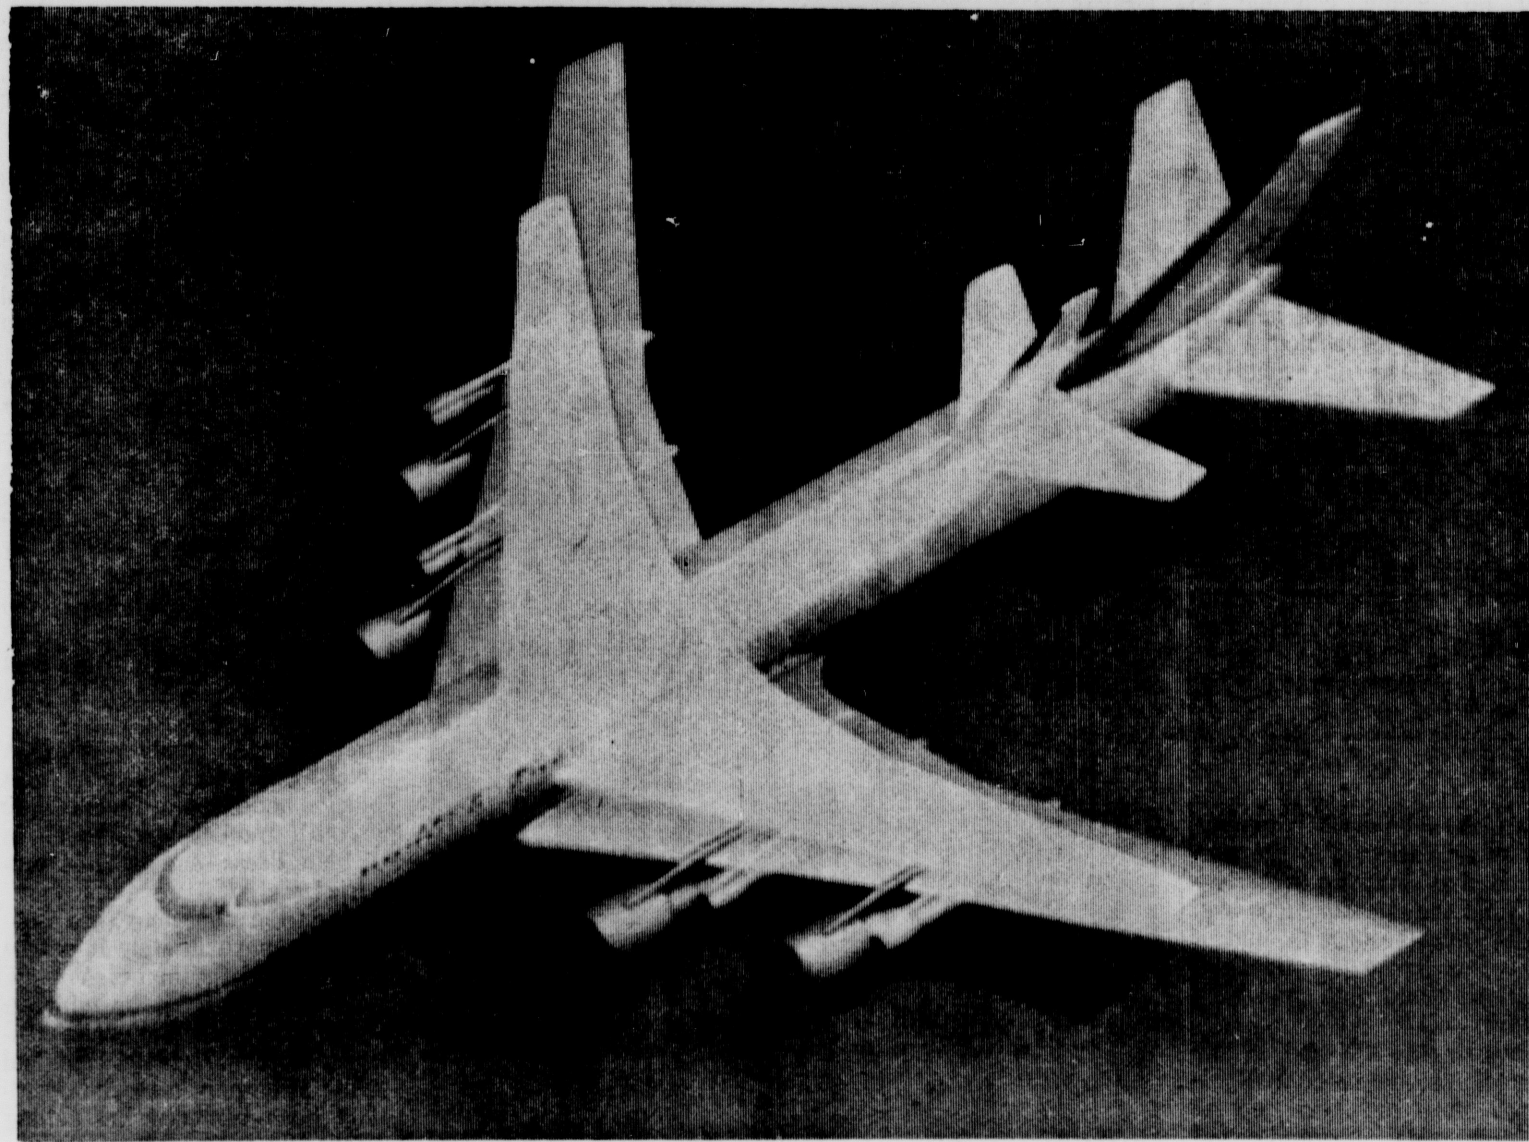

The councils are composed mostly of ranking army officers. Aref's brother, Gen. Abdel Rahman Aref, is chief of staff of the army and had been considered a possible successor to the presidency. The general is in Moscow as the head of a visiting military delegation.

Diplomatic observers in London said Aref's death seemed likely to set off furious political infighting, and perhaps worse, over the succession. Baghdad Radio said a curfew had been proclaimed from noon today until further notice. It asked the people "to be steadfast in the face of this national disaster."

Aref was 45. Since the military made him president in February 1963, he had maintained a precarious dominance over his country's bitterly feuding political and religious factions.

A Pan-Arab group wants Iraq to unite with President Gamal Abdel Nasser's United Arab Republic while a rival nationalist faction is against giving poverty-stricken Egypt access to Iraq's huge oil revenue.

While Aref favored union with Egypt and also signed a military cooperation pact with Nasser, the Egyptian president in recent years has reacted cautiously toward such a move. The two agreed it should be carried out over a long period of time but little was done to achieve it.

NEW YORK—Pan American World Airways announced it will purchase 25 huge new Boeing 747 jet transports for delivery to begin September, 1969. The 747, an aerial giant capable of carrying up to 490 passengers, will dwarf the largest jetliners now in service. This double exposure of two scale models show how the big jet will compare in size to the present largest commercial jet, the 707. The 747 will be 152 feet long with a wingspan of 145 feet.

now in service. This double exposure of two scale models show how the big jet will compare in size to the present largest commercial jet, the 707. The 747 will be 152 feet long with a wingspan of 145 feet.

### AF Catches Trucks

## Marines Open New Search Operation In Rice Paddies

SAIGON, South Viet Nam (AP) — Several thousand U.S. Marines opened a new search operation today in the rice paddies overlooking the South China Sea, while Air Force F105 Thunderchiefs caught a dozen trucks near the entrance to North Viet Nam's landslide-clogged Mu Gia Pass.

The Leathernecks killed 14 Viet Cong, captured five and took 67 suspects in tow at the outset of a multibattalion search and destroy operation 23 miles south of Chu Lai. The area has been in Viet Cong hands for years.

Ten Marines stripped to the

waist and moved with pistols and flashlights through a network of tunnels where they seized 15 Vietnamese suspected of being Viet Cong. Some pajama-clad fighters were seen fleeing the maze beneath the hamlet of An Hai a short time before.

The Air Force jets returned Wednesday to the strategic pass on the Laotian frontier, 230 miles south of Hanoi, where B52s dropped 1.4 million pounds of bombs on Tuesday in the first raid by the stratofortresses on North Viet Nam. Military sources in Washington said some of the big bombs were rigged with delayed-action devices to explode days later, thereby discouraging Communist road clearing work.

The Thunderchiefs spotted 12 trucks on Route 15 at the entrance to the bottlenecked pass. At least four were destroyed, an Air Force spokesman said. He also said aerial photographs confirmed that the pass was completely blocked by landslides.

The mountain roadway links up with the Ho Chi Minh Trail in neighboring Laos, the major infiltration route to South Viet Nam.

In the south, Air Force and Navy jets set off three secondary explosions followed by 11 more blasts in 90 sorties against what appeared to be a Communist ammunition dump 65 miles northwest of Saigon.

For the first time in the war, the number of South Vietnamese troops killed in a week of fighting dropped below American battle deaths. This was considered a reflection of the diminished activity of government troops during the political crisis.

The U.S. military command announced that 95 Americans were killed, 501 wounded and four missing in action in the week of April 3-9 compared with 101 killed, 690 wounded and nine missing the week before.

The new casualty report increased American combat deaths to 2,505 and the number of Americans wounded to 15,228 since January 1961.

A Vietnamese spokesman said 67 government troops were killed and 204 missing last week compared with 155 killed and 26 missing the previous seven days. The government does not disclose its wounded figure.

Australian, New Zealand and Korean forces listed a total of 15 men killed and 25 wounded last week as opposed to the previous week's toll of 18 killed and 51 wounded.

### Low-Bidder On Kent Library

CAPE GIRARDEAU Mo. (AP) — McCarthy Brothers Construction Co. of St. Louis submitted an apparent low bid of \$1,898,400 Wednesday for construction of an addition to the Kent Library at Cape Girardeau State College.

College President Mark Scully said the money needed for the library construction would come from a \$1 million federal grant and funds appropriated by the state legislature.

### The Weather

Fair tonight with low in mid or upper 30s. Considerable sunshine Friday with high 60 to 65.

The temperature Thursday was 39 at 7 a.m., and 60 at noon. Low Wednesday night was 39.

The temperature one year ago today was, high 63, low 52; two years ago, high 66, low 39; three years ago, high 70, low 37.

## Autos Under New Attack From Nadar

WASHINGTON (AP) — The auto industry came under attack again today by Ralph Nadar, one of its most publicized critics. The industry in turn assured senators it is not telling the government to keep hands off car safety.

Nadar, a youthful Washington lawyer, contended the industry and the government itself are impeding progress in reducing the highway accident toll by policies of secrecy.

Before Nadar testified at a Senate Public Works subcommittee hearing, a spokesman for the industry, John S. Bugas, Ford Motor Co. vice president, said the manufacturers' position with respect to establishing safety standards for cars has been misunderstood.

"We fully recognize that voluntary industry action will not suffice by itself," Bugas said, testifying that the safety board the industry proposes would operate "within a framework of governmental regulation" under a federal-state commission.

## Senators Disagree On Viet Nam

WASHINGTON (AP) — Many senators disagree on whether the political situation in South Viet Nam may force the United States to pull out of the war.

Sen. John Sherman Cooper, R-Ky., told his colleagues Wednesday that if the South Vietnamese don't want to continue the war "it's obvious the United States should not do it for them."

Sens. Jacob K. Javits, R-N.Y., and Stephen M. Young, D-Ohio, felt that the possible fall of Nguyen Cao Ky's military regime may force a reassessment which could end with American withdrawal.

Sen. Robert F. Kennedy, D-N.Y., expressed belief at a New York news conference that "intensified military action north of the 17th Parallel is not going to be a substitute for the right kind of political action south of the 17th Parallel, in South Viet Nam."

He obviously was alluding to the B52 bomber raid on a North Vietnamese mountain pass.

Sen. John G. Tower, R-Tex., back from a six-day visit to Saigon, predicted Ky's government "can survive if it moves carefully."

In the same vein, Senate Republican Leader Everett M. Dirksen told reporters that the Buddhist-inspired turmoil may look more serious in Washington than in Saigon.

## Sign Daylight Bill Into Law

### Establishes a Uniform Time System For Nation

SAN ANTONIO, Tex. (AP) — President Johnson has signed into law the bill establishing a uniform Daylight Saving Time system for the nation extending from April to October each year.

The vacation White House announced the signing today.

## Increase In Insurance Premiums

### Missouri Owners To Pay Up To \$10 More For Coverage

KANSAS CITY (AP) — An average increase of more than \$10 a year on insurance premiums for Missouri motorists was announced by the National Bureau of Casualty Underwriters and the National Automobile Underwriters Association.

The changes were approved by the Missouri insurance commissioner, an industry spokesman said.

In typical increases, fire and theft coverage is up about 14 per cent over the state, 16 per cent in Kansas City and 9 per cent in its Missouri suburbs. Collision premiums are up 15 per cent over the state and in Kansas City, 14 per cent in the Missouri suburbs of Kansas City.

There was no indication of a change for Kansas residents in metropolitan Kansas City. Kansas rates are somewhat lower than in Missouri.

The spokesman for major insurers in Kansas City said the new schedules provide broader protection under Missouri's financial responsibility law. The new minimums are \$10,000 liability coverage for each person injured in an accident, \$20,000 for any one such accident and \$5,000 property damage. The old limits were \$5,000, \$10,000 and \$5,000.

A good-risk driver with no violations who uses his car to drive to and from work and for limited personal use will pay about \$109 for minimum coverage under the law, about \$11.50 more than previously.

The base rate for automobile liability insurance for private passenger cars was reduced an average of 1.6 per cent on a statewide basis, according to the National Bureau of Casualty Underwriters.

### Woman Slips Away From Tipton Prison

JEFFERSON CITY (AP) — Mary Alice Holmes, 23, slipped away from the Women's Prison at Tipton about 4 a.m., the Highway Patrol reported today.

She was wearing pajamas and a robe and a blue coat with a fur collar. A Negro, she was serving a term from Jackson County for burglary and stealing.

## Buddhists Satisfied

SAIGON, South Viet Nam (AP) — Thousands of jubilant Buddhist demonstrators marched peacefully through Saigon today in a victory celebration after the military regime decreed elections for a civilian government in three to five months.

A ranking Buddhist leader said the junta's formal pledge "satisfies our main demands." The willingness of the Buddhists to accept the election pledge may mean the survival of the U.S.-supported military government until the nationwide elections. On Sunday, the Buddhists had demanded the immediate resignation of the junta.

When the Buddhist leaders received word of the decree, they at first called off a planned antigovernment march into the city and decided instead to hold a "meeting of good will" on the grounds of the Buddhist Institute on the outskirts of Saigon.

But as thousands of their supporters flocked to the compound in a carnival atmosphere, the Buddhists decided to stage the march as a "victory celebration."

The marchers initially were only to go two blocks, but then the Buddhist leaders amended themselves again and let the huge throng walk on.

After walking through some main streets, the crowd made its way back to the Buddhist Institute at dark.

Scores of the marchers carried antigovernment banners they had brought out before the character of the demonstration was changed.

In contrast to the clashes last week between demonstrators and police and troops, police cleared the way for the marchers and held back watching crowds as the demonstrators moved slowly along.

The military chief of state, Lt. Gen. Nguyen Van Thieu, signed the election decree at the close of a three-day political congress called by the military junta to recommend ways to achieve the changeover to civilian rule.

The Buddhists softened their boycott of the congress by sending a lay observer to the final session. Premier Nguyen Cao Ky summoned the congress in April 3 in an effort to stem the rising tide of antigovernment demonstrations in Saigon and Buddhist strongholds in the north.

Indication that the Buddhists might be willing to take the government at its word came from two key members of the hierarchy.

Thich (Venerable) Tam Chau, the chairman of the Buddhist Institute, said in a public letter to the coleader of the recently formed antigovernment Buddhist Struggle Forces, Thich Thien Minh:

"The decree indicates that the government has agreed to some proposals asked for by the Buddhist people and also informed us that a national assembly will be formed in the near future."

"The Buddhist Institute wishes to inform all branches of the faith about this development. All demonstrations planned this afternoon should be called off, and a meeting held instead in the institute grounds to show our good will."

Ho Giac, the other coleader of the Buddhist Struggle Forces and director of lay affairs for the Buddhist Institute, said the military government had "satisfied our main demands."

"The main point of the Buddhist struggle was for general elections as soon as possible," he added. The government decree will give us these elections in the next three to five months. Therefore, our main aims have been met."

Starting next year, the measure puts the whole nation on the faster time from the last Sunday in April until the last Sunday in October except that a state can decide by action of its legislature to remain on standard time. But such a decision must apply to the entire state.

For this year, the bill provides that any state, city or other unit wishing to observe Daylight Saving Time must do it for the full period between April 24 and Oct. 30.

A uniform system of daylight time for the late spring, summer and early fall months has been sought for years by airlines, railroads, bus companies, radio and television networks and other businesses.

More than half the American people now live in areas which observe fast time each year but more than half the nation's land area stays on standard time.

Sponsors of the bill said they felt the effect of the legislation would be to keep the great bulk of the country on daylight time in 1967 and thereafter.

The legislation has aroused questions in some states which have laws providing for different dates for daylight time in 1966 than the April 24 and Oct. 30 fixed in the new federal law. However, attorneys for congressional committees which handled the legislation said these states could observe fast time this year if they use the federal dates.

They said the bill does not invalidate these state laws except as to dates.

## Name Reed United Fund Chairman

James Reed, 1201 South Ohio, life-long resident of Sedalia, was named Thursday morning to the position of campaign chairman for the 1966 United Fund Drive, Executive Director Hank Monsees announced.

Reed, previously president of UF, was succeeded in that capacity by Jim Denny. Both appointments were made at the regular meeting of the United Fund Board at Bothwell Hotel.

Jim Reed

The board also unanimously re-appointed Monsees to his post of executive director, giving him a second term in that capacity. Last year was the first time that the local drive had an officer in this capacity.

The meeting, which got underway at 7:30 a.m., had one of the largest turn-outs of members yet, Monsees said, with 25 of 35 attending. A motion was made and approved to move up the hour for the next meeting, which is now scheduled to be held at noon.

Other action of the board included: Approval of the second quarterly payment to the 13 participating agencies in United Fund as part of the standard budgetary appropriation.

The board heard a report from Monsees, who showed slides of the 13 agencies United

## Ann Landers

Answers  
Your  
Problems

Dear Ann Landers: Three months ago my husband brought a trampy-looking girl to the house, introduced her as the woman he wanted to marry and asked for a divorce. I managed to keep my composure although I thought I would die right then and there. I agreed to a divorce and they left.

The next day my husband came for his clothes, kissed the children goodbye and said I'd be hearing from his lawyer. I received no call.

In a week my husband was back—furious. He said I had let him down. He was shocked that I agreed to the divorce. He insists he gave me all sorts of signals to say "No" in front of the girl. Now he is begging to come home. He promises never to fail me again.

The children love their dad and need him, but I can't get over the hurt and humiliation. If he could do such a terrible thing once, why couldn't he do it again? I need your counsel.—NOT RECOVERED.

Dear Not: Your husband sounds like a four-door, brass-plated heel, but give him another chance.

And let this be a lesson to you, students. Men, like children, don't want everything they ask for.

Dear Ann Landers: I'm a high school junior who thinks there must be something drastically wrong with me. I am so envious of everyone I can hardly stand

## Reasons Why Some People Still Smoke

PHILADELPHIA (AP) — Why do people continue to smoke even though they are convinced it may be harmful? Dr. Bernard Mausner, after a four-year study financed by the U.S. Public Health Service, believes it is because they reject as intolerable the idea that their own health could be affected.

"Most people will agree with the proposition that smoking may be injurious to health," Mausner, a psychologist at Beaver College in suburban Jenkintown, said today.

But, he went on, "no smoker really can visualize himself as suffering from any of the major diseases associated with smoking."

"To think of one's self as a victim of lung cancer or coronary artery disease is inconceivable."

Thus, he believes, most people will keep puffing away.

In interviews and reports covering his studies, Mausner describes how subjects were shown the chain of reasoning that leads scientists to the conclusion that smoking is bad — and what the consequences are.

"Our hypothesis was that if they were shown this information they would quit smoking," he said.

However, at the end of the experiments, he found that although most smokers agreed smoking was harmful and something should be done about it, "nobody stopped smoking on the basis of the changed attitude — although a small proportion cut down."

Mausner believes there are three basic reasons why people smoke:

— "Enjoyment, tension relief, the general emotional rewards."

— "Social reasons: It's a kind of cement that ties people together."

— "The self-image. I think people are always proving who they are to themselves and to the outside world. And you can prove to yourself, by the gestures you make smoking, that you're sophisticated, or tough, or thoughtful, or nervous, or placid and calm."

## Anti-Gravity Theory Is Good Only As Theory

LOS ANGELES (AP) — Folks who dote on flying saucers — and believe the unidentified objects hurry around the sky using antigravity — may have something, in theory, says a scientist who doesn't believe in flying saucers.

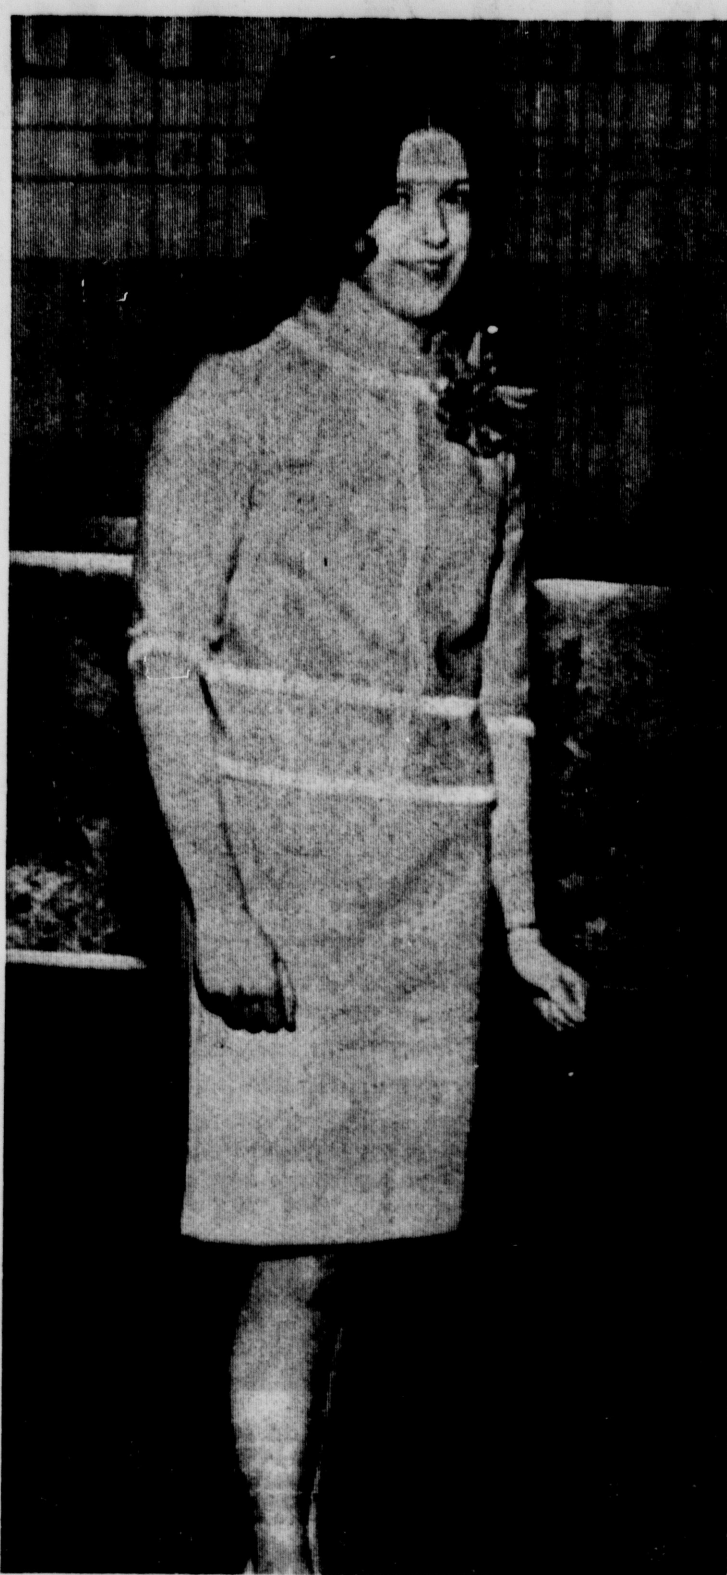

"If there are flying saucers, which I doubt, and if they are manned by living beings, which I also doubt," said Dr. Robert L. Forward, "then the only force that could explain the movements of the saucers would be antigravity."

By antigravity, scientists mean that a flying body would have its own gravitational field and be immune to the earth's gravitational pull. Thus people, or anything else inside a flying saucer, could travel safely without being subject to enormous stress, inside the saucer's field.

"Without antigravity," Dr. Forward said, "the beings inside the saucers would be crushed — if the saucers accelerate and turn as reports indicate."

Dr. Forward, a member of the technical staff at the Hughes Aircraft Co. research division at nearby Malibu, said, however, that practical use of antigravity seems to be a long way off — perhaps centuries.

## Business Gets Its Way While Observing Rules

By JOHN T. CUNIFF  
NEW YORK (AP) — The dramatic encounter in recent months over wage-price guideposts seemingly always have ended in victory for the administration and defeat — and price rollbacks — for business.

But is it so? In the immediate conflict business has been the loser. But there is evidence business learned quickly how to get its way while apparently observing the guidelines.

This has been done by mixing price cuts with price advances, by making increases small, by making no announcements of increases, by dealing with customers individually, by maintaining the old price list but putting more of the transportation burden on the buyer and by eliminating discounts.

In addition, an attempt at a price or wage increase, publicly announced, has a good chance of attracting no reprisal from Washington. The administration has been selective. Some increases get by.

Early in March, U.S. Steel Co. boosted prices on a big tonnage item, steel plate, by an average of \$2.92 a ton. At the same time it cut prices on another product it said could be substituted.

U.S. Steel called the net result

of "standoff." And Gardner Ackley, chairman of the President's Council of Economic Advisers, commented:

"In the Council's judgment, relative price adjustments can contribute to economic efficiency when they take place within a framework of price stability."

But was it a standoff? Although the increase — decrease arrangement could confuse an electronic computer — U.S. Steel tossed away its price lists for some nails and a type of wire rod and decided to negotiate prices instead — some observers now feel the full impact was an increase. For one thing, the increase in the total price of steel caused by U.S. Steel's price rise seems to be of the same magnitude as would have been caused by Bethlehem Steel Co. abortive attempt to raise prices Jan. 1.

For another, the price decrease on sheet steel — which U.S. Steel hoped could be made without the purchase of costly new machinery by the buyer.

Wages also have gone beyond the guideposts. The Labor Department said major 1965 wage increases averaged 3.9 per cent, the highest since the guideposts were established.

Some evidence exists, then to

## Todd-Glover Vows Exchanged

Miss Sharon Todd and Mr. George Glover exchanged vows in a double ring ceremony at the home of the bride's parents, Mr. and Mrs. Marion Todd, Route 4, March 27 at half past seven in the evening. The Rev. Orville Woolery, pastor of the East Emmett Baptist Church, performed the ceremony under an archway decorated with blue and white bows, streamers, white wedding bells and blue bouquets of flowers.

The bride wore a gown of white bridal lace over antique satin with long sleeves tapered to points over the hands and a sabrina neckline. Her full skirt was highlighted by gold bows and gold colored shoes. A waist length veil of nylon netting was held by a bandeau of blue flowers.

Mrs. Joyce McFatrach, sister of the bride, was matron of honor. Her dress was of peacock blue taffeta with heels to match.

Mr. John McFatrach, brother-in-law of the bride, was best man.

The bride's mother wore a black gabardine sheath with black accessories, while the groom's mother was attired in a blue dress and pink accessories.

After the ceremony, a reception for approximately 18 people was held in the home. A white lace cloth covered the table. A three tiered wedding cake centered the bride's table. Blue and white streamers and white wedding bells centered the ceiling above the table.

Mrs. Joyce McFatrach, Miss Carol Dotson, Miss Marilyn Todd, sister of the bride, and Mrs. Todd served the guests.

A personal shower was given for Mrs. Glover April 6 by the women of the Georgetown Methodist Church.

suggest that the power of the guideposts isn't as dramatic as exhibited in the dramatic rollback of prices in aluminum and steel.

The effect, in fact, may be more psychological than actual.

Sam Dawson is on vacation.

## Suicidal Malignancy Trend Seen

By FRANK CAREY  
Associated Press Science Writer

ATLANTIC CITY, N.J. (AP) — Prospects for a new kind of war on cancer — based on a discovery that malignancies appear to have a "suicidal" tendency — were reported today.

A Johns Hopkins scientist reported evidence suggesting that conventional anticancer weapons like radiation and certain drugs produce their effects — in part at least — by promoting self-destruction of cancer cells.

The same research, he said, also indicates that the way now appears open to using certain common chemicals, such as vitamin A, as helpmates of the conventional anticancer weapons — so as to greatly enhance a cancer's suicidal proneness.

Dr. David Brandes described the research and its potentially important practical possibilities in a report to the 50th convention of the Federation of American Societies for Experimental Biology. He amplified at a news conference.

The scientist, clearly excited by the prospects, gave this account of the research and the background facts:

Cancer cells contain tiny particles called lysosomes, which, in turn, contain enzymes capable of destroying the cells if released.

When the present heavy artillery of the anticancer war — radiation or certain drugs — is brought to bear against the cancer, some of the lysosomes release their enzymes, killing the cells.

But the research also discovered something else: that the conventional weapons, for reasons still unknown, cause additional lysosomes to appear within the tumor.

Finally, it was found that use of various common substances, like vitamin A, could cause enzymes to leak from the newly

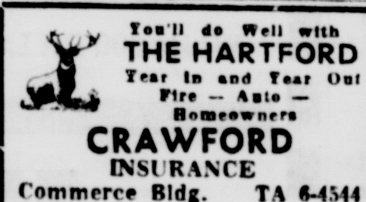

HOUSTON—When Miss America of 1966, Deborah Bryan of Overland Park, Kan., arrived in Houston she was promptly presented with a

Texas sombrero and was named an honorary deputy sheriff. Miss Bryan is touring the Houston area. (UPD)

created particles, and enhance the cancer-attacking powers of the conventional weapons.

In animal tests, the combination treatment significantly enhanced the self-destruction of cancer cells, including leukemia, and delayed the resumption of tumor growth.

## World News In Brief

RAWALPINDI, Pakistan (AP) — Avalanches killed 46 persons at several towns and villages 200 miles northwest of Rawalpindi, reports from the area said today.

A dozen houses were reported buried at Lotki and Terich villages as melting snows sent slides down into the valleys. Crops also were damaged.

He said Thailand, a country the size of Spain, has a population of about 30 million, and the government believes 60 million wouldn't be too many.

RAWALPINDI, Pakistan (AP) — Syed Amjad Ali, Pakistan's representative at the United Nations, hit out today at the United Nations and the big powers.

Ali said the United Nations is a fire brigade which goes into action only when there is a fire and the Security Council only acts when there is a crisis.

The big powers are to blame for such disputes as Kashmir, Cyprus and Palestine because they are just "not interested in solving them," he asserted.

MOSCOW (AP) — The new Soviet liner Alexander Pushkin left Leningrad for Montreal today to inaugurate the first regular passenger service between the Soviet Union and North America.

The 20,000-ton, eight-deck ship will make stops at Helsinki, Copenhagen, London and Quebec. She is scheduled to make six crossings this year.

The liner, built in East Germany at a cost of \$12.5 million, has a 21,000 horsepower diesel power plant and a cruising speed of 21 knots.

BANGKOK, Thailand (AP) — The government of Thailand decided today not to adopt a birth control program for the country.

"Thailand is still a wide country," said a spokesman after a Cabinet meeting.

KUALA LUMPUR, Malaysia (AP) — Prime Minister Abdul Rahman said today Indonesia must call off its confrontation against Malaysia — "nothing less, nothing more" — to convince him Jakarta wants peace.

Rahman said this was his reply to an envoy from President Ferdinand E. Marcos of the Philippines who has been trying to arrange a new round of peace talks to end Indonesia's three-year-old undeclared war against Malaysia.

## Announced Today

## Missouri Public Service Names Officials

The election of an Executive Vice President, Vice President-Administrative Services, Vice President-Operations, Assistant to the President, and a Treasurer of Missouri Public Service Company was announced today by Richard C. Green, Chairman of the Board-President following a meeting of the Board of Directors.

Earl Dryer

Earl D. Dryer, Vice President-Operations was named Executive Vice President. M. C. Boogher, Vice President-Assistant Secretary-Purchasing Director was named Vice President-Administrative Services. James S. Allen, General Superintendent was named Vice President-Operations. Raymond Rollins, the Treasurer was named as Assistant to the President. John R. Baker, Assistant Treasurer was named Treasurer. Other personnel changes were named by Mr. Green to become effective May 1, 1966.

Truman Henry, Personnel Director was named Director of Employees Relations; H. J. Weitzel, from Chief Engineer to Superintendent of Production; W. I. Owen, from Electrical Engineer to Superintendent of Engineering; M. D. Giokaris, from Gas and Water Superintendent to Superintendent of Operations; and Wm. E. Van Dyke, from Rate Manager and Industrial Engineer to Sales Manager.

M. C. Boogher

M. C. Boogher, 59, began work with the Missouri Gas and Electric Company in 1929 and came with Missouri Public Service as Vice President-Assistant Secretary and Purchasing Director when the former company was merged with MPS in 1951.

## 404,919 Mishaps

BOSTON (AP) — The American Automobile Association says there were 404,919 motor vehicle accidents in Massachusetts last year. The association used the figures to back up its support of a bill to establish minimum tire safety standards in the state.

James Allen

James S. Allen, 48, started work with Missouri Public Service in 1948 and served in various engineering capacities until he was made General Superintendent of the Company in 1964, which position he has held until he was named Vice President-Operations today.

Raymond Rollins

Raymond Rollins, 58, has been with MPS since 1928. He was elected Treasurer of the Company in 1962 and has served in that capacity prior to his being named Assistant to the President today. Rollins, also in charge of the MPS Safety Program, has long been active in the Kansas City Safety Council and also the Missouri Safety Council.

John Baker

John R. Baker, 39, was elected Assistant Treasurer of MPS in February of 1962 and began his employment with the Company in 1948. He is a graduate of the University of Missouri with both a Bachelors and Masters degree in Business Administration.

Truman Henry, 58 began his career with MPS in 1922 and served in various construction and operating positions prior to being named Personnel Director in 1948. Henry was named to the Missouri State Board of Me-

diation by Governor Phil Donnelly in 1952 and has been reappointed to that Board by Governors Blair, Dalton and Hearnes.

H. J. Weitzel, 56, has been a continuous employee of MPS since 1928. He was formerly Chief Engineer of the MPS Clinton Generating Station before being named Chief Engineer of the Company in 1953.

W. I. Owen, 42, today named Superintendent of Engineering, came with MPS in 1955. He previously served in the capacities of Electrical and Relay Engineer.

M. D. Giokaris

M. D. Giokaris, 50, began his utility career with City Light and Traction Company in Sedalia, in 1941. That company was purchased by MPS in 1945. Giokaris has continuously served in engineering positions and was named Gas Superintendent of the Company in 1956. He was an officer in the U. S. Army in World War II and still maintains his reserve status as a Lt. Colonel in the 5058th Logistical Command with Headquarters in Jefferson City, Mo. He is an engineering graduate of the University of Illinois.

Giokaris is the son of Mrs. Katherine D. Giokaris, 1201 South Montauk.

He is a former president of the Kiwanis Club of Sedalia.

W. E. Van Dyke

Wm. E. Van Dyke, 38, began with MPS in 1950 following graduation from the University of Missouri with a degree in Electrical Engineering. He received his Masters degree in Business Administration from the University of Missouri at Kansas City. He was named Rate Manager and Industrial Engineer in 1963. He is president of the Lee's Summit Rotary Club.

Van Dyke, a former Sedalian, is the son of Mr. and Mrs. Frank B. Van Dyke, Route 1, Smithton, well known farmer and stock trucker of this area.

UPLAND, Calif. — Buford J. Schramm, 27, shows off his brainchild, a helicopter that he believes will revolutionize the industry. What makes Schramm's helicopter different from others, he says, is its estimated retail price, less than half of the \$23,000 to \$28,000 cost of two-seat models. (UPI)

## Will Test New Wheat Processing

NEW YORK (AP) — A new process which developers say could make wheat palatable to Asia's rice-eating millions — and thus be a partial answer to famine — will be tested in a pilot project beginning this week in Hong Kong.

Wheat kernels are peeled by a lyse process that makes them look like rice and cook like rice. The purpose of the project is to see whether Asians decide that it tastes like rice.

One of the biggest roadblocks to easing world famine, experts say, is that some people would rather die than change their eating habits.

Millions of the rice-eating people in India's Kerala State live on the verge of starvation rather than eat the wheat flowing into their country. Rioting mobs shouted at police: "Give us rice or shoot us!"

Breaking down "food prejudices" is necessary so that people can be fed the food that is available, says Melvin B. Myers, director of the material resources program of the Church World Service, sponsors of the pilot project.

Many millions of other Asians besides the Keralites are rice eaters and have been reluctant

to use wheat, he said in an interview today.

"At one time the children of Hong Kong and Japan couldn't stand milk. They didn't know what it was," said Myers. "Now they drink it all the time."

"Suppose the United States was suddenly faced with a famine. Do you think the people would eat grubs or ants or drink blood before they would starve? Yet, these are the staples of some people."

On her recent visit to the United States Indian Prime Minister Indira Gandhi said: "People facing famine can still make it a principle not to eat wheat when they are used to eating rice."

The United States is sending 3.5 million tons of wheat to India to combat the drought-caused famine there.

To make wheat more acceptable to the rice-eating Keralites, the U.S. Department of Agriculture has come up with the new process to make a rice-like grain from regular wheat, called "World Wheat."

MIAMI, Fla.—With Easter having passed, it's quite obvious who is having to put up with a "Buddy" around the house. Pam Sasso, seven year old daughter of the late North Miami mayor, Tom Sasso, received the chick for a

Easter present and quickly introduced it to her two year old pooch, Candy. Judging from Candy's attitude, she's thinking of things to come.

(UPI)

#### From Viet Nam

### Congress Watches For Some Impact On 1966 Elections

WASHINGTON (AP) — Members of Congress are watching the political turmoil in South Viet Nam for developments which could have a massive impact on this fall's Senate and House elections.

The possible replacement of Nguyen Cao Ky's military government by a Buddhist-dominated civilian regime that might deal with the Viet Cong could compromise the American position in Asia at a time when it is the subject of bitter debate at home.

The development of a situation in which a new government might ask the withdrawal of U.S. troops would dump into President Johnson's lap a crisis for which there could be no happy solution.

The division of opinion on whether to get out or to stay in such circumstances would be likely to produce a political uproar far greater than any touched off thus far.

The Johnson line has been that the United States is in Viet Nam at the invitation of its government to prevent the Commun-

nists from overrunning free peoples. He has linked this with the policy of containing Red Chinese aggression in all of Asia.

These primary policies would have to be swallowed whole in any forced pull-out, even if that action involves only a gradual phasing out of U.S. military strength.

To stay against the wishes of a Saigon government would be to invite thunderous world disapproval, fed by Communist propaganda that the United States is as imperialist as they have been saying.

Johnson put his chips on the Ky government at the Honolulu conference a little more than two months ago. If it falls, Republicans undoubtedly will cite this to the voters as an example of "blundering" Democratic handling of the explosive situation.

Events of the next few months, however, could make this of small moment. And Johnson probably can exert little influence over these events. If a civilian government ar-

ranged a cease-fire with the Viet Cong, it probably would have to be observed by the United States. If Buddhist-arranged elections are held in South Viet Nam, the United States is honor-bound to accept the results.

If there are peace talks, the United States would be hard-pressed to prevent the presence of the Viet Cong at the conference table as a full participant.

None of these developments would be greeted by anything like silence in the United States. Politicians would be roaring recriminations at the President and each other up to election day.

In all of this, of course, there may be a political rainbow for Johnson. If the fighting stops and he can manage to extricate the United States with its honor and prestige reasonably intact, he will have answered his critics beyond successful rebuttal.

Computers have multiplied from a handful in 1950 to about 20,000 today. Most sell for \$100,000 to \$3 million.

## People In The News

**COLUMBIA, Ky. (AP)** — If it isn't a record, it should be! Mr. and Mrs. D. J. Reece of Breeding, Ky., celebrated their 70th wedding anniversary Tuesday.

Today, they'll celebrate again — to make it official — with members of their family, 30 miles away in Glasgow.

He is 89 and she is 87.

**QUINCY, Mass. (AP)** — Two girls and a boy cried when Lorraine MacLean, 26, told her kindergarten pupils she plans to be married Friday.

Miss MacLean, however, assured the class that she would not be away long and she invited all 51 pupils in the class Tuesday to attend the wedding.

All plan to attend — except those who have the chicken pox.

**PHILADELPHIA (AP)** — Driver Edward Richardson and Patrolman Charles Schemm thought it was a joke.

As they were driving their patrol wagon in Philadelphia, a car pulled alongside and the driver yelled: "You're losing your prisoners."

With 26 prisoners in the back of the police van, the pair decided to stop and look, just in case.

In the van were 24 prisoners and a big hole in the window of the door.

The two escapees were quickly recaptured.

**PHILADELPHIA (AP)** — Alan Miller has shoulder-length blond hair and that's where his troubles begin.

Because Miller, a 17-year-old honor student, refuses to cut the hair, he has been suspended from classes at the Unionville-Chadds Ford High School in suburban Philadelphia.

The school board is taking up the matter, but until it does, Miller isn't allowed to attend the school.

"I hope they meet soon," said his mother, Mrs. Clarence Miller.

Miller contends his hair is vital to his appearance as a member of a rock 'n' roll band. He is a guitar player.

**VENICE, Italy (AP)** — Robert Vaughn, the hottest spy on American television, spent two days in the Soviet Union and no one batted an eye.

"The only people there who knew I was a TV spy were American tourists," the actor said.

Vaughn plays Napoleon Solo in the television series, "The Man From U.N.C.L.E."

He arrived in Venice Tuesday to start filming another spy thriller.

**NEW YORK (AP)** — Negro

entertainer Sammy Davis Jr. has been named chairman of the Life Membership Committee of the National Association for the Advancement of Colored People.

Davis, 39, replaces Kivie Kaplan, 61, a retired Boston manufacturer who was elected president of the NAACP last January.

Davis, who one year ago entertained civil rights groups in the Selma-to-Montgomery march in Alabama, will seek to promote the sale of life memberships, which cost \$500 apiece.

# Our Bourbon is as old as the Hills.

Back in 1879, William and Scipio Hill, a pair of Kentucky cousins, opened a distillery.

They made precious little of their Bourbon, but what they made came up precious good. Rich and full. And so incredibly smooth that the Hill cousins were able to sell their whiskey for three times the going price.

Today, Hill & Hill is still made the same old way. As patiently as the Hill cousins meant it to be.

So be thankful you can get your Bourbon straight from the Hills of Kentucky.

# OBITUARIES

## Mrs. Ethel M. Lueck (Sedalia)

Mrs. Ethel M. Lueck, 44, 1720 South Quincy, died at her home at 7:30 p.m. Wednesday.

Mrs. Lueck was born in Charlton County at New Cambria, Mo., July 13, 1921, daughter of the late Luther Chrisman and Mrs. Martha Lee Morris Chrisman.

She lived most of her life in Sedalia, coming here at the age of 14.

She was married at Sedalia, Oct. 14, 1940, to Albert Lueck. They were the parents of four daughters.

Mrs. Lueck was one of a family of seven children.

She is survived by her husband, Albert Lueck of the home; four daughters, Connie Lueck, 16, Pamela Lueck, 15, Linda Lueck, 13, and Sandra Lueck, 8, all of the home; her mother and step-father, Mr. and Mrs. John Shoemaker, 1710 South Quincy; four sisters, Mrs. Frances Denney, The Dalles, Ore.; Mrs. Helen Caywood, Mission; Mrs. Elizabeth Denney, Moberly; Mrs. Doris Wolf, Phoenix, Ariz.; two brothers, Arnold Chrisman, state of Oregon; and Eldon Shoemaker, Independence.

Funeral services will be held at Ewing Funeral Home at 2 p.m. Saturday with Dr. Harry Purviance, pastor of the First Christian Church, officiating.

Burial will be in New Bethel Cemetery.

The body is at Ewing Funeral Home.

## John Samuel Daniels (Smithton)

John Samuel Daniels, Smithton, died at Bothwell Hospital Thursday.

Born in Morgan County Oct. 12, 1886, he was the son of William H. and Malinda Daniels. He was married on Dec. 24, 1912, to Eva Cook of Tipton, who died in 1918. To this union were born three children, Bill S. Daniels, Gerald W. Daniels and Mrs. J. B. Clooney, Jr., all of Houston, Tex.

On May 15, 1920, he was married to Larena L. Lemke of Florence. Two children were born to this union, a son Warren Emil, who died at the age of three years, and Mrs. Gail Oehrke, Owensville.

Surviving are his wife, the above mentioned children, nine grandchildren, two brothers, Charles Daniels, Versailles, and Henry Daniels, Jefferson City; and four sisters, Mrs. Lou Reed, Tipton; Mrs. Mary Krider, Danville, Ill.; Mrs. Grace Hughes, Jacksonville, Ill.; and Mrs. Kate Merriott, Versailles.

He was preceded in death by his parents, his son, Warren, and two brothers, Walter and Shelby Daniels.

Funeral services will be held at the Smithton Methodist Church of which he was a member at 2:30 p.m. Saturday, with the Rev. L. B. Hubbard officiating assisted by Rev. E. L. Dillon.

Pallbearers will be: Kenneth Kirchner, Cecil Smith, L. D. Hoehns, Alfred Lloyd, Harry Henderson and August Oehrke.

Burial will be in the United Church of Christ Cemetery at Florence.

The body is at the Neumeyer Funeral Home, Smithton.

## Ada Dotson (Kansas City)

Ada Dotson, 78, former resident of 309 East St. Louis Street, died early Thursday morning in Kansas City.

She had lived in Kansas City for the past six months. Mrs. Dotson was born in Saline County in 1887 and came to Sedalia at an early age and had remained here since.

One son, Leroy Hawkins, Kansas City, survives.

Funeral arrangements are incomplete. Body is at the Allen and Sons Funeral Home.

Burial will be in Fairview Cemetery at Sweet Springs.

## Robert Thomas Dix (Tipton)

Robert Thomas Dix, 84, died at the family home in Tipton at 8:30 a.m. Thursday, following a lingering illness.

He was born in Blackwater, Oct. 8, 1879, son of Thomas H. and Mary Bridgewater Dix. He was married July 6, 1912, to Lillie Mae Ritchey.

Surviving are his wife of the home; one son, Lewis E. Dix, Tipton; four daughters, Mrs. Alma Hawley, Kansas City; Mrs. Kathryn Perkins, Phoenix, Ariz.; Mrs. Orpha Dobson, Centerton, and Mrs. Louise Kutenkuler, Clinton. Also surviving are two brothers, Leonard Dix, Calhoun, and Grover Dix, Leavenworth, Kan.; 12 grandchildren and six great grandchildren.

Preceding him in death was one son, Woodrow Dix, in 1963.

Mr. and Mrs. Dix observed their golden wedding anniversary July 6, 1962.

Funeral arrangements, under the direction of the Conn Funeral Home, are incomplete. Burial will be in the Tipton Masonic Cemetery.

## Funeral Services

### Mrs. Estelle McKelvey

Funeral services for Mrs. Estelle Edith McKelvey, 80, 905 West Fifth, who died Wednesday, will be held at 10 a.m. Saturday at Gillespie Funeral Home.

Born Aug. 16, 1885, in Jefferson City, she was the daughter of James W. and Sarah Margaret Cain. She was married on Sept. 9, 1902, in Jefferson City, to William B. DeFoe, who died Feb. 17, 1920.

On Oct. 5, 1924, she was married in Sedalia to George W. McKelvey, who died Oct. 13, 1945.

She was a member of the Higginsville Christian Church.

Burial will be in the Higginsville Cemetery.

The body is at the Gillespie Funeral Home.

### Mrs. Katie Pedego

Funeral services for Mrs. Katie Pedego, 84, Tipton, who died Tuesday, will be held at the Tipton Methodist Church at 2 p.m. Friday, with the Rev. J. A. Slover, pastor, officiating.

Mrs. Orville Courtney will sing "Asleep in Jesus," "The Old Rugged Cross" and "Beautiful Isle of Somewhere," with Mrs. Jim Briscoe at the organ. Pallbearers will be J. W. Proctor, Roy Hofstetter, John Carter, Lloyd Carter, Virgil Helms and Ray Sterling.

Burial will be in the Moreau Cemetery, southeast of Tipton.

The body is at the Conn Funeral Home, Tipton.

### Gertrude Huffman

Funeral services for Mrs. Gertrude Huffman, 45, who died at Rest Haven Nursing Home, Monday night, were held at Ewing Funeral Home at 1 p.m. Thursday with the Rev. Walter P. Arnold officiating.

Mrs. Jack Herndon sang, "Whispering Hope" and "Just a Closer Walk With Thee," accompanied by Mrs. A. W. Barick at the organ.

Burial was in Memorial Park Cemetery.

### Mrs. Minnie Bidstrup

Funeral services for Mrs. Minnie Bidstrup, 87, 1423 South Vermont, who died Wednesday, will be held at 1:30 p.m. Friday at the Gillespie Funeral Home with Rev. Charles Clark, pastor of the Epworth Methodist Church, officiating.

Burial will be in the Otterville Cemetery.

### John E. Walje

Funeral services for John E. Walje, 80, 1423 South Sneed, who died Tuesday, were held at 9:45 a.m. Thursday at Sacred Heart Church, with the Rev. L. J. Gowney, pastor, officiating.

Burial was in Calvary Cemetery.

### Kathryn J. Kirby

Funeral services for Mrs. Kathryn J. Kirby, 77, Warsaw, who died Tuesday, were held at 2 p.m. Thursday at the Warsaw Baptist Church, with the Rev. Claude Mustain officiating.

Burial was in Riverside Cemetery.

### Elsie Maud Maddox

Funeral services for Elsie Maud Maddox, 87, 1721 South Stewart, who died Tuesday, were held at 1 p.m. Thursday at the First Baptist Church, with the Rev. J. R. Wallace, pastor, officiating.

Burial was in Memorial Park Cemetery.

Lacey, Smithton; Dorsey Schupp, 1402 South Park; Mrs. J. F. Skolaut, 1731 West Tenth; Infant Shane Ulmer, 804 East 13th; Mrs. Jessie White, 818 East Ninth; Mrs. Carl Closser and son, 1205 South Sneed; Mrs. Marvin Hunter and son, Woody's Trailer Court.

Two Sedalians were hurt, one seriously, in a two-car accident at 10:25 a. m. Thursday, two and three-tenths miles east of LaMonte on Highway 50.

Taken to Bothwell Hospital by ambulance were Lon Louis Grey, 74, 502 West Clay, driver of one of the cars, who received lacerations to the left side of his face, left ear and fractured ribs on the right side, and Mrs. Stella Mulkey, 57, 413 West Clay, who received fractures of her right arm, ribs, pelvis and leg.

They were treated at the hospital and Mrs. Mulkey was admitted for further observation and treatment.

Trooper William Southwick, who investigated, reported a 1966 Dodge, driven east on Highway 50 by Raymond J. Wade, 28, LaMonte, and a 1961 Studebaker, headed west and making a left turn off the highway, driven by Grey, were involved.

Southwick reported the Grey vehicle apparently turned left in the face of oncoming traffic. The Wade car collided with the right side of the Studebaker. Wade was not injured.

A 1961 International tractor, headed north on Highway 65, three miles north of Sedalia, driven by Herbert McDaniel, 33, Marshall, Ark., left the road on the right side going into a ditch at 10:40 a. m. Wednesday. The trailer was loaded with 8,000 feet of crating boards, about four feet long, an inch and a half wide and an inch thick. When the tractor hit an embankment boards were scattered up and down the highway.

McDaniel and his passenger, Perry Starling, 16, Marshall, Ark., escaped with only bruises and cuts on their right legs which was described as a miracle by Highway Patrolman Pete Stohr, who investigated the accident. Stohr said that as the tractor hit the embankment the front of it was crushed in and at the same time the boards in the back shifted forward crushing the back of the cab, with the men caught between.

The tractor was towed in by Bacon's wrecker.

No one was injured in a two-car accident involving a parked car at 2405 Plaza at 7:57 p. m. Wednesday.

According to police, involved were a parked 1955 Plymouth, owned by Charles L. Patterson, 2405 Plaza, and a 1961 Studebaker, driven east on Plaza by Louis H. Temple, Sr., 71, 2511 Plaza.

The right front of the Studebaker and the left rear of the Plymouth were damaged.

Temple was issued a police summons for careless and imprudent driving and is to appear in police court, April 14.

## Police Court

Dan Park Green, Route 1, driving 38 miles an hour in a 30-mile-an-hour zone, forfeited a \$10 bond.

## Accidents

Eugena Hall, 24, 916 South Ohio, was taken to Bothwell Hospital Wednesday morning by her husband, Nobel Hall, suffering from a gunshot wound.

According to police, a .22-caliber rifle being handled by Mrs. Hall discharged sending a bullet into her left side and hip. Sources at Bothwell Hospital reported that Mrs. Hall was in fair condition.

Police investigated an accident at 1:02 p. m. Wednesday at 715 South Grand.

Involved were a 1963 Pontiac, driven east in the alley between Seventh and Broadway by Joyce E. Reisdorph, 37, 906 East Broadway, and a Ford, driven south on Broadway by Mary E. Hart, 21, 1817 South Barrett.

The left front of the Reisdorph car and the right side of the Hart car were damaged.

No injuries were received in a two-vehicle collision on the Garst's Drive-In parking lot about 9:29 p.m. Wednesday.

Involved, police said, were a parked 1965 Chevrolet owned by W. R. Hieronymus, 1203 South Garfield, and a 1957 Ford backing in a southerly direction, driven by Larry G. Montavon, Whiteman AFB.

Damage occurred to the left front of the Chevrolet.

Two vehicles collided at 2:10 a.m. Thursday at Washington and St. Louis. There were no apparent injuries.

Damage occurred to a parked 1963 Cadillac owned by William Patton, Kansas City, and a 1950 Buick driven west on St. Louis by Martin L. Speicher, Boonville.

The left rear of the Cadillac and the right front and front end of the Buick were damaged.

Two Sedalians were hurt, one seriously, in a two-car accident at 10:25 a. m. Thursday, two and three-tenths miles east of LaMonte on Highway 50.

Taken to Bothwell Hospital by ambulance were Lon Louis Grey, 74, 502 West Clay, driver of one of the cars, who received lacerations to the left side of his face, left ear and fractured ribs on the right side, and Mrs. Stella Mulkey, 57, 413 West Clay, who received fractures of her right arm, ribs, pelvis and leg.

They were treated at the hospital and Mrs. Mulkey was admitted for further observation and treatment.

Trooper William Southwick, who investigated, reported a 1966 Dodge, driven east on Highway 50 by Raymond J. Wade, 28, LaMonte, and a 1961 Studebaker, headed west and making a left turn off the highway, driven by Grey, were involved.

Southwick reported the Grey vehicle apparently turned left in the face of oncoming traffic. The Wade car collided with the right side of the Studebaker. Wade was not injured.

A 1961 International tractor, headed north on Highway 65, three miles north of Sedalia, driven by Herbert McDaniel, 33, Marshall, Ark., left the road on the right side going into a ditch at 10:40 a. m. Wednesday. The trailer was loaded with 8,000 feet of crating boards, about four feet long, an inch and a half wide and an inch thick. When the tractor hit an embankment boards were scattered up and down the highway.

McDaniel and his passenger, Perry Starling, 16, Marshall, Ark., escaped with only bruises and cuts on their right legs which was described as a miracle by Highway Patrolman Pete Stohr, who investigated the accident. Stohr said that as the tractor hit the embankment the front of it was crushed in and at the same time the boards in the back shifted forward crushing the back of the cab, with the men caught between.

The tractor was towed in by Bacon's wrecker.

## Police Reports

Police are holding a Sedalia youth for investigation in connection with a case in which severe lacerations of the throat were received by Johnny Clemons, 17, 1300 South Montebau, sometime late Wednesday night, officers said Thursday.

Clemons, according to police reports, was taken to Bothwell Hospital where he was treated by Dr. Donald Eldenberg and then released.

Police said the man being held came to the police station to report the incident and was arrested at the station shortly after. Police received a call from the hospital concerning the case about 12:35 a.m. Thursday, Chief of Police William E. Miller said.

E. A. Esser, 305 East 26th, reported to police at 2:56 p.m. Wednesday vandals damaged his 1962 Dodge truck sometime Tuesday night.

Police received a report at 7:07 a.m. Wednesday concerning acts of vandalism to a car parked at 2204 West Second.

Noel V. Hixon, 2204 West Second, reported to police Wednesday the theft of a compass from the glove compartment of his car. It was valued at \$5.

Mrs. Jerry Brown of the Brown Oil Co. reported to police Wednesday she found a purse belonging to Mary Burkhardt Prepl, Kan. Brown reported she mailed the purse to Mrs. Burkhardt.

Mrs. Corrine Brown, 804 North Missouri, reported to police Wednesday that her black poodle dog had been missing since Tuesday.

AT ANNUAL MEETING—Officers of Sedalia Post F, Travelers Protective Assn., plus state and national dignitaries, are shown in this photo, taken during a meeting of the local post at Bothwell Hotel Wednesday night. First row, left to right, Harry Welch, national director and president of Post F; J. T.

Thornhill, Jr., national president; Bernard M. Stanfield, secretary-treasurer of Post F. Back row, left to right, John Fuller, state secretary-treasurer; Conrad Deidrich, national director; and Perry Talbot, national secretary-treasurer.

## Bishop Announces Aim for Presidency

Bishop W. R. "Bill" Rogers, a leader of the "Theocratic Party," who announces he is a candidate of the Theocratic party for election as President of the United States in 1968, completed a march seven times around the Pettis County Court House Thursday. He handed out leaflets along the way.

Bishop Rogers, who has vowed to walk seven times around each county court house in all 50 states, completed the trip here with little, if any, fanfare Thursday.

His Theocratic Party platform includes 12 laws each for individuals, world government, individual nations as well as new criminal and civil codes. He is resolved, he says, to "Make America a holy nation."

## Name

(Continued from Page One)

Fund serves. Monsees indicated that over 7,400 persons had received benefits through the United Fund program, and he explained some of the services performed by the participating agencies.

Attending the meeting Thursday were: Jim Denny, Hank Monsees, Rev. George Sparling, Jesse Fairfax, Virgil Ogilvie, Leo Letourneau, K. U. Love, Dr. C. W. Monsees, Harry Browder, Bob Mason, Paul Jensen, Damon Hieronymus, Lacy Belt, Mrs. Wilber Askew, Mrs. Jo Anne Anderson, Neil Chapman, Omer West, Mrs. Cline Cain, Bill Hiatt, Mrs. James McNeil, Bill Phillips, Bud Healy, Jim Reed, Aaron Haller, Harry Kull and Oscar Lawson.

## Three

(Continued from Page One)

Atkin got in his truck and drove to the residence of Larry Turner who resides north of his home and Turner in turn drove him to Bothwell Hospital. Mrs. Atkin, Mrs. Anson and Phyllis then went to the home of Mr. and Mrs. Norman Keele to await the arrival of the Ewing ambulance which had been summoned. Dr. J. M. Rodeman had just completed treating Atkin when the two women arrived at the hospital and he then treated the two women.

County firemen arriving at the scene soon had a line of hose out and checked the fire, but not until after extensive damage had been done to the rear portion of the five room residence.

Phyllis said when she was awakened she went to the back room and flames were all around a chest of drawers and a desk and burning into a clothes closet. She had returned to get the dog, but it had run out. The girl did not get burned. She is a student in the Green Ridge grade school.

Mr. and Mrs. Atkin have resided at the farm for 17 years, and Mrs. Anson has been residing with them for some time. The farm is two miles east of State Route 127 and a mile and a quarter south of County Highway AA.

20-mile-an-hour zone, forfeited a \$10 bond.

C. R. Broyles, 1301 South Warren, running a stop sign, forfeited a \$5 bond.

Waymond Merriott, 1810 South Quincy, improper lights, forfeited a \$5 bond.

John Richard Rice, 316 East Morgan, running a stop sign, forfeited a \$5 bond.

Jerome P. Lock, 2511 Margaret, driving 30 miles an hour in a 15-mile-an-hour zone, forfeited a \$15 bond.

## Annual TPA Meet Held Wednesday

An estimated 164 members of Sedalia Post F, Travelers Protective Association, attended the annual meeting held at Bothwell Hotel Wednesday night and unanimously elected a board of directors for 1966.

Attending the meeting, besides local officers, were J. T. Thornhill, Jr., national president of TPA; Conrad Deidrich, national director; Perry Talbot, national secretary-treasurer; and John Fuller, state secretary-treasurer.

Following a buffet-style dinner, short announcements were made by visiting officials, who were introduced by Harry Welch, national director and president of Post F.

Welch stressed the current membership drive by the local post, which seeks to have 1,000 by the end of the year. Plans and dates were also set for the annual TPA picnic, held annually at the Catholic Community Center southeast of Sedalia.

Named to the board of directors were: K. U. Love, Maurice Hogan, P. A. Sillers, Leo Boesch, Jack Pasley, Charles Wendt, Hank Monsees, Bill Hopkins, Gene Kreisel and James Giokaris.

## Feature Gymnastics At S-C PTA Meeting

Gymnastics and arts and crafts will be the features tonight at the Smith-Cotton PTA meeting to be held in the S-C auditorium at 7:30. During the display of arts and crafts in the S-C cafeteria refreshments will be served. Grade school parents and their children are invited to see the arts and crafts display created by S-C students.

## Resigns From Force

Fred L. Paxton, 1501 East 16th, a Class C patrolman on the Sedalia police force, announced his resignation, effective Wednesday, in a letter addressed to the mayor, chief of police and the Police Personnel Board, dated April 13. Paxton listed salary conditions and general apathy as cause. He has been with the department six months.

## Remarks Tax Collectors Get Tired Of Hearing Now

By HAL BOYLE  
NEW YORK (AP)—Remarks of a tax collector gets tired of hearing this time of year:

"What has the government ever done for me?"

"You'll have to explain it again. I didn't understand a word you said."

"If my cat has kittens, can I list each one of them as a dependent? I am their sole support. Their father ran away."

"Do you think that'll satisfy you—or do you also want the gold fillings out of my teeth?"

"Just put on the handcuffs. I'll go quietly."

"In the old days they used to tax salt. How come you guys overlooked that one?"

"So this is the Internal Revenue Service. Boy, I'm already nervous from the service."

"Why should I have to stand in line? I came here to pay taxes, not to watch a hit movie."

"Why don't you fellows just take what you want from my paycheck, and let me spend the rest in peace?"

"If you give a depreciation allowance for an oil well, why not give one for a wife? My wife spouts even more than an oil well."

"What do you guys know

about business expenses? I'd like to see you have to meet a payroll—just once."

"Can't we finish this argument over lunch? I'll pick up the check—if it's deductible."

"So throw me in jail. You still can't get blood out of a turnip."

"The poor pay taxes, and the rich hire attorneys."

"I came here in place of my husband. He says he's too sick and tired to fight the government. Well, I'm not!"

"Tell Uncle Sam for me it's time he went on a diet."

"Please inform your Mr. Lyndon B. Johnson that I do no longer feel I can support his government in the style to which it wants to become accustomed."

"Let's make a deal. You say I owe you \$988; I say you owe me \$576. Let's split the difference. You pay me \$150 — and we'll forget the whole matter, and start all over next year."

**PUZZLER**—Not what's it but who's it? And movie fans should have the answer. It's a topside view of actor Yul Brynner, famous for his unadorned pate on camera and his avid amateur photography off.

## Garden Club Members Make Hats

The LaMonte Garden Club met at the home of Mrs. Claude Craig, April 6, and it was decided that members of the club would take shrubs and plants to the park to help beautify that area. Plans were also discussed for the flower show which will be held on June 7 at the LaMonte School Building.

The president, Mrs. Roy Alexander, presided over the business meeting and devotional was given by Mrs. Russell Wagengknecht.

Plans were made by members to attend the Garden Club Show in Marshall on April 12, where the speaker, Mrs. Anne Sutter, will show pictures of the gardens of the Pacific.

The exhibit for the April meeting were Easter hats made and worn by members of the club. Those winning first using artificial material for their hats were: Mrs. Roy Alexander and Mrs. Cliff Moore; Mrs. Edna Martin and Mrs. Everett Wing, second; and Mrs. Raymond DeFrain, third. In the real flower category Mrs. Clarence Carroll and Mrs. William Bolton, first; Mrs. Raymond Wasson and Mrs. Ralph Hollenbeck, second; and Miss Enid Johnson and Mrs. W. C. Jones, third. Judges were: Mrs. Clarence DeHaven and Mrs. Ralph Viets.

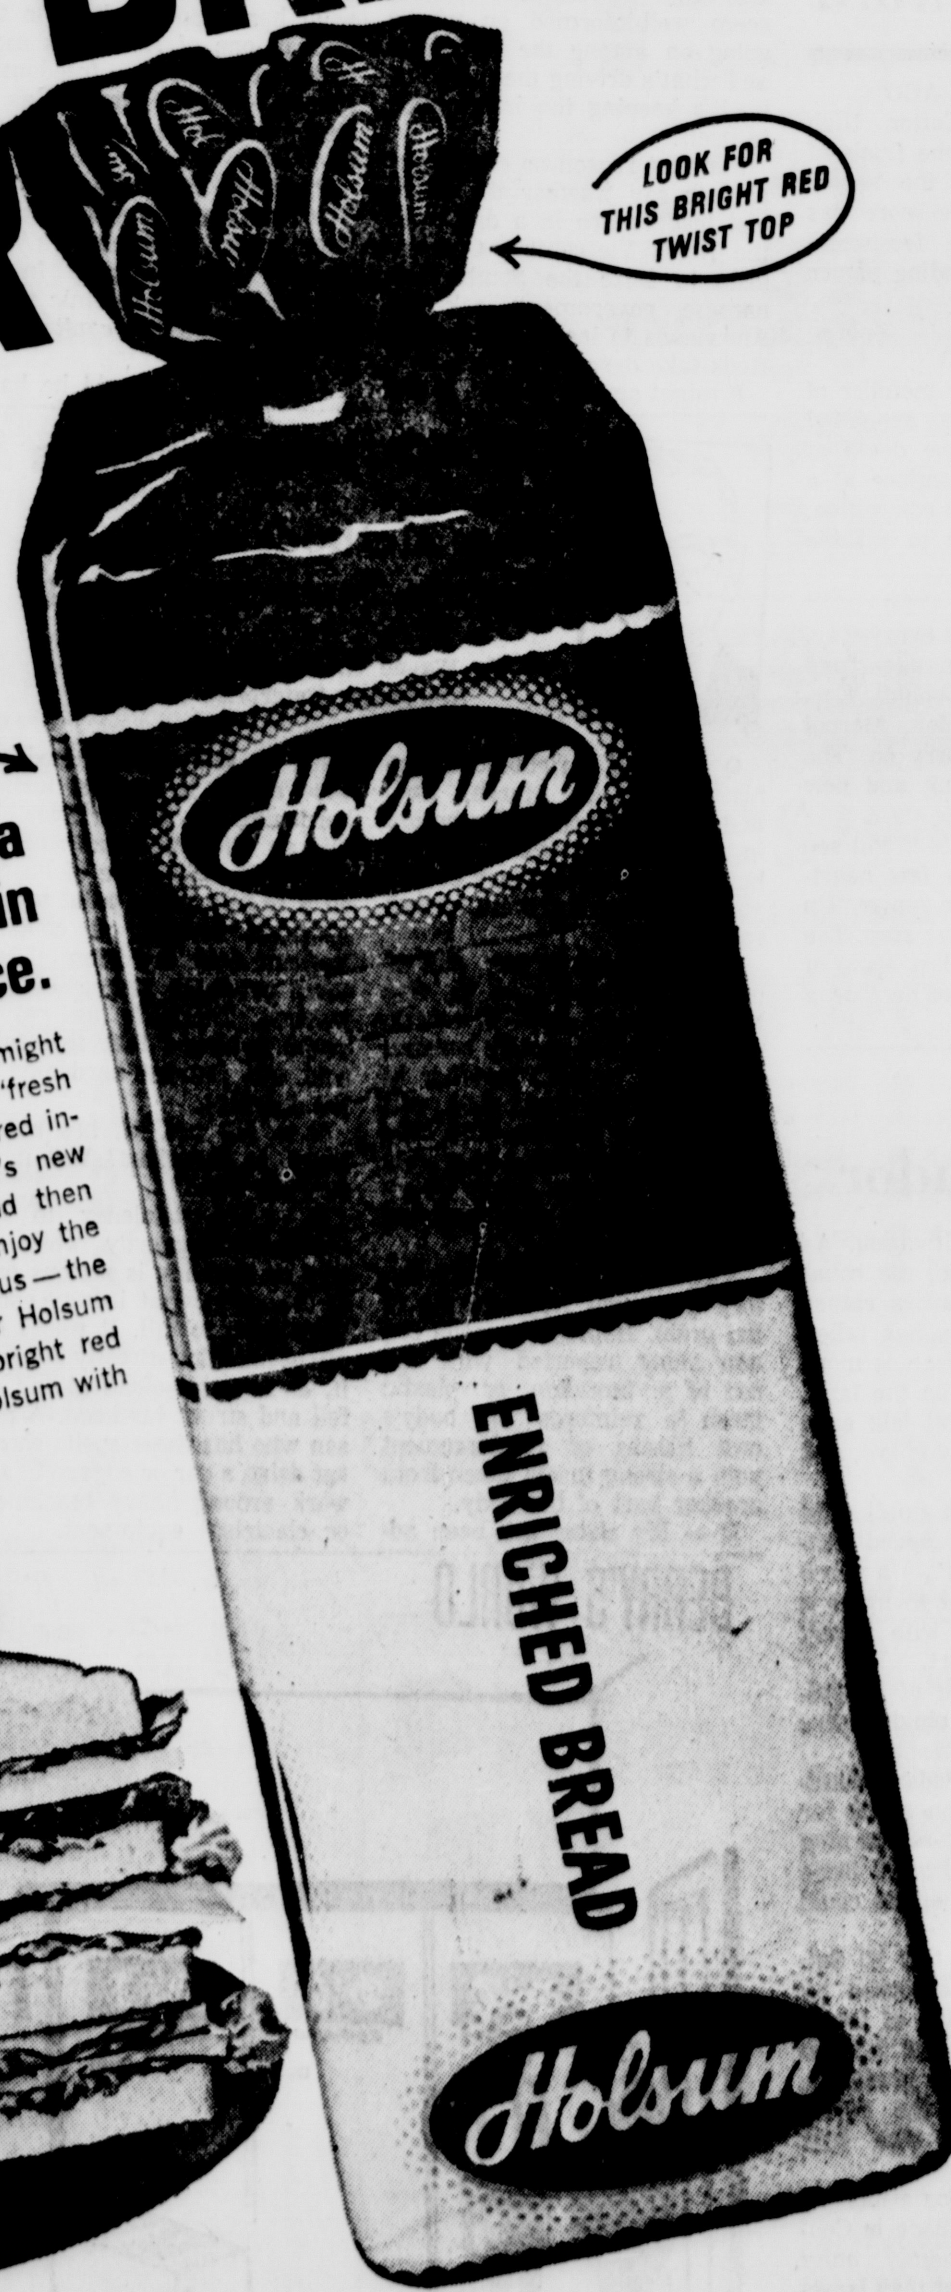

Mrs. Cliff Moore was chairman of the program committee. The topic was insects and disease, and Mrs. Ralph Hollenbeck spoke on destructive and useful insects. She told of the constant war between destructive insects and men, how some insects destroy crops, plants and trees; infect domestic animals and men with disease, contaminate foods, ruin clothing, consume books and papers and how the very timbers of houses are eaten by these minute creatures.

On the other hand, she went on to say, useful insects are quite valuable to man. These are the honey bees, the silk worms, a species of the seal insect which yields a substance from which shellac is made and the mealy bug which is used in making a very beautiful carmine red dye. Other valuable insects include the flies, butterflies, moths and beetles, which share with the bees in the important business of pollination.

Mrs. Raymond Wasson spoke on disease, stating it is important to use early and constant treatment to control the diseases which insects bring to crops, trees, plants and flowers.

Pesticides are needed and were developed in response to public need and demand. Controls used wisely and skillfully have done much to improve the American way of life.

## EDITORIALS

## Cars Safer; Driving Is Not

The automobile industry has been the target for an increasing amount of criticism of late. Faced with the ghastly statistic of nearly 50,000 traffic deaths in 1965, it is only human nature to seek an obvious scapegoat to put the blame on.

But while there is undoubted ground for criticism and vast room for improvement, the auto makers have done a creditable job of improving the safety of motor vehicles over the years, if only because of the fortunate fact that safety and salability are not always mutually exclusive.

Highway User magazine gave manufacturers an opportunity to state their case in a recent issue.

Although cars no longer come with kick-proof fenders, what's underneath is much tougher than it used to be, the makers contend. Broken axles, for example, were once commonplace but are rare today.

Aside from increased durability, many other safety improvements have gone virtually unheralded, such as safety rim wheels, interlocking door latches, deep-dish steering wheels, padded dashes.

The latest item on 1966 cars is windshield glass twice as shatter-resistant as the old type.

It almost seems as if safety has to be slipped into car design unobtrusively or the public won't accept it. A prime example is the push-button shift located on the driver's side of the dash. People wouldn't buy it, preferring to go on impaling themselves on the conventional lever.

## Last Days of the Met

The diamond horseshoe at the Metropolitan Opera, with its bejeweled matrons robed in ermine, has given way to a people's opera, where most people do not bother to wear evening dress. Some of that will be restored at the final gala in the old building on Saturday evening, April 16th, when the popular stars will sing arias from Tannhauser, Lucia di Lammermoor, The Maked Ball, Louise, Carmen, Madame Butterfly, Die Walkure, Aida, Boris Godunov, Così Fan Tutti and others.

Tickets for this final performance start at two hundred dollars, so New York's elite will be present in full regalia. There will be three intermissions. Opera lovers, officers and trustees, box holders, and those who have been able to secure tickets will be there as the golden curtain falls on the last performance in the venerable old opera house on 39th Street.

What will happen to the building is a debatable question. Many influential persons wish to preserve this hall which has heard the voices of Nordica, Caruso, Melba, Schumann-Heink, Farrar, Ponselle, Galli-Curci, Gigli, Melchior, Bori, Tibbett, Pinza and many others. From the ballet Pavlova and Nijinski have become favorite memories and orchestra conductors Damrosch and Toscanini are still revered.

Moving to the Lincoln Center in the fall, the Metropolitan will have better seating accommodations, a modern stage with ample space for storing sets and costumes.

## Washington Viewpoint

## Always a Crowd Around San Salvador

By BRUCE BLOSSAT  
Washington Correspondent  
Newspaper Enterprise Assn.

SAN SALVADOR — The deepest kind of poverty cannot be told to you. You have to touch it yourself. When your lurching bus breaks down twice in the parched Salvadoran countryside, you get that chance.

Stepping down from the bus, you look down a dark brown dirt road. Straggling along are a dozen or more grimy figures in torn, soiled clothing and bare feet. Rub out the bus at the intersection and it could be the 18th century.

Your own clean, well-pressed, comparatively costly attire is suddenly an embarrassment.

Handsome but grubby youngsters assemble quickly. Their infectious laughter astonishes the outsider. They show no envy, only amused curiosity and a great deal of dignity.

At a second stopping point, 25 young men plant themselves on a roadside bank and watch without a stir as an ancient, made-in-America bus is revived and turned about. Women pass by bearing wash, cans of water, and other supplies on their heads.

They have to be from another world, but they are not. They are a tiny sample of the 60 per cent of El Salvador's 3 million people who grope for a passable living in the overpacked rural areas.

Their homes are thatched-roof shanties or flimsy stucco huts, all with earthen floors, bad air, no light or clean water or sanitation facilities.

They live 370 to the square mile, usually on tiny plots of tillable land. Of 50,000 new farms in El Salvador over a span of years, nearly all are less than 7.5 acres in size.

The rural Salvadorans' sheer numbers leap at you as the bus rattles along the highway again. In a quarter-mile stretch, you may see 75 or 100 figures strolling at the road's edge.

Already they have nearly all of El Sal-

Even legislation is not necessarily the answer. A Cornell University survey indicates that when seat belts were an optional item, 50 per cent of drivers were using them. Now that they are required on all new cars, only 25 per cent of the belts are in use.

One company has even received complaints that its buckles are uncomfortable to sit on.

The much more protective shoulder harness is presently optional on some makes but has met with little customer enthusiasm.

In another aspect of safety, car makers say they have been fighting for years for uniform nationwide vehicle inspection laws and traffic control devices. Some have been sponsoring high school driver education programs.

They point to a serious lack of information on the whys and wherefores of accidents. What percentage is caused by brake or other mechanical failures, for instance?

More data is also needed on the actual value of some items that are currently considered safety equipment but may not turn out to be worth their expense.

About the only hasty conclusion that can be drawn from the mangled traffic situation is that there is no one villain and no one solution. There are only approaches to solutions and finding which ones are best will require the talents and efforts of everyone involved with automobiles and highways—which includes just about everyone.

## Looking Backward

TWENTY-FIVE YEARS AGO  
The Sophomores of Smith-Cotton High school defeated the Juniors in the finals of the inter-class tournament for the school championship in basketball. The score was 26-22. Huise, playing with the freshmen-eight graders, was the outstanding player of the tournament.

FORTY YEARS AGO  
W. W. Barrett, nominated for member of the school board to which he was appointed to fill a vacancy caused by the death of F. F. Hatton, resigned as a nominee at a meeting of the Democratic city committee. O. B. Poundstone was chosen to fill the vacancy on the ticket.

and more efficient equipment in every way. Rudolf Bing will still be the manager and such golden voices as Callas, Tebaldi, Kersten, Sutherland, Correll, London, Merrill and Pierce will be there to carry on. The same loved operas will be sung and new voices will be born.

While the passing of the Old Met will see a few tears and experience a few heartaches and many memories, the move "Up Town" is a necessary progressive step. The Metropolitan Opera may have lost some of its Victorian splendor but it has become a people's opera.

vador's tillable land under cultivation. As the population continues to rise, the country's "rural condition" deteriorates rather than improves. Land ownership has fallen 20 per cent. The rural Salvadoran is more and more a renter or laborer on the land. Some 70 per cent of the rural folk earn \$50 or less a year. Their literacy is low, and so is their productivity.

In front of one roadside hut, a small child clad only in a dirty pink shirt moved aimlessly in a makeshift "playpen" — a space framed by crude boards nailed to make a fence. His face was smudged with a half a dozen different kinds of dirt.

He was a reminder that half of El Salvador's deaths are suffered by children five and under.

Foreign experts think El Salvador's dominant rural population will go on rising for two or three generations before turning downward. A fifth of the rural work force is unemployed today. The proportion could climb as the numbers soar.

This is the critical story in tiny El Salvador, a story not wholly obscured by striking industrial growth, vistas of costly city homes, surprising social and tax reforms directed by the nation's president, Col. Julio Rivera, friend of the ruling families and a tough soldier who first gained power in a coup.

These things give San Salvador a modern bustle, and the country a key place in Central America's growing economic unity through its Common Market. But they largely benefit the city dwellers who already are substantially better off than their rural brethren.

The brown-dirt poverty in the crowded countryside is almost untouched by these changes. The visitor has to wonder what force of economic muscle, whether called Alliance for Progress or whatever, can lift these still-multiplying rural people from their iron bondage to primitive subsistence living.

"He Was Quite Useful in His Day!"

## The World Today

## Study Meaning of Buddhist Maneuver

By JAMES MARLOW  
AP News Analyst

WASHINGTON (AP) — When the full story behind the Buddhists' maneuvering in South Viet Nam comes out it may prove to be one of the slickest pieces of Machiavellianism in our time.

The Buddhists are trying to overthrow their government. The U.S. government doesn't seem well-informed on what's going on among the Buddhists and what's driving them on, if it is, it's keeping the information to itself.

For that reason no one seems able to say whether the Buddhist leaders are in a deal with the North Vietnamese Communists to seize the South Vietnamese government, ask the Americans to leave, and let the Reds take over.

It might appear at first, if this

is what the Buddhists have in mind, that they are operating on sheer gall since this country is backing the government of Premier Nguyen Cao Ky and has enormous forces in Viet Nam.

But they might be banking on something else to help them carry the day: divided American opinion.

When the history of these days is written the effect of what has happened here in the field of one of America's most prized possessions — freedom of speech — may appear as a strong factor in the Buddhists' thinking.

President Johnson's policy on Viet Nam has been under attack from many quarters in this country — particularly in the Senate and the academic world — and perhaps he can't gauge its full effect on him.

For instance: Would he have

pursued the war harder, been less reluctant to bomb North Viet Nam more extensively if the critics weren't on his back? But any effect on Johnson is only part of the total possible effect of the criticism.

For example: What has been the effect of Americans' criticism of their own government on the thinking of the North Vietnamese Communists about continuing to fight?

Or on the South Vietnamese Buddhists about their chances of overturning their American-backed government and getting away with it?

Johnson apparently has felt confident, despite the criticism, that he had the support of a majority of Americans for his Viet Nam policy.

But the criticism here at home could leave no doubt in the minds of the Vietnamese, North and South, that American thinking was divided not only about how to wage the war but even about continuing it at all.

For instance, Sen. Wayne Morse, D-Ore., said the American people are going to "repudiate this administration and they should. You just can't justify our being in war over there."

He called the U.S. position in Viet Nam "shockingly immoral" and said that if the South Vietnamese were ever to choose freely a Communist government, the United States should support it.

If you were a Vietnamese and heard that — and much more — you wouldn't be under any illusion that Americans were 100 per cent behind Johnson in trying to crush the Communists or at least force them to seek peace.

And if you were a Vietnamese, American division might seem to you a symbol of uncertainty and hesitation and therefore an inducement to action which otherwise might have seemed hopeless to you.

## Letter To The Editor

MRS. ELMER GARDNER (Ionia, Missouri) — Just saw an article about the ground breaking for Sedalia's new dog pound. Do you know you really have done yourselves proud, because any town your size, that can treat dogs better than humans should have due credit and a pat on the back. How many times has Sedalia voted on a new jail? That is none of my business, you say, and you are right, but this JuCo business is something different. Now Sedalians will average only \$14.00 a year, but what will the farmer pay on a \$30,000 investment? Just \$40.00 plus interest etc.

But keep up the good work and maybe some sympathetic Benton friends will cooperate and pay for a new jail on their taxes too. (That is if you have many friends left here.)

I like dogs but I love human beings even if they are jail birds, (I want them kept in jail, too) because our good Master said, "As ye do unto the least of these, ye do unto me." I'm sure he did not mean dogs. Sedalia people should think, think and think some more about what has happened to some friendships south of the Pettis County border.

## Boy Talks Too Much

By Susan Light  
Newspaper Enterprise Assn.

DEAR MRS. LIGHT: My problem is similar to that of "Suffering Parents." My son does well in school; he's an A and B student. But when it comes to citizenship, he's D and E. When I'm called to school, it's the same story over and over again: He talks continuously and is fidgety in his seat.

There was no problem until second and third grade. When questioned, he swears he's trying his best and always complains the other children are talking to him.

Upon receiving his latest report card, my husband and I decided something had to be done. We're getting weekly reports from his teacher, and

when the report is poor, we punish him by taking away his favorite television show.

What can you suggest? Shall we continue to punish him? Will it do any good? — CONFUSED MOTHER

ANSWER: If the punishment were doing any good, I don't believe you would have written. Withholding privileges is often effective, and certainly worth a try, but it doesn't appear to be the answer in your case.

Since your son is able to pull down good grades despite is tongue-wagging, and the problem didn't start until second or third grade, I'm inclined to think he's boyishly normal. When he locks horns with a teacher who refuses to put up with his "poor citizenship," he'll settle down fast.

Part of his trouble may stem from sheer boredom coupled with an excess of nervous energy. Perhaps his teacher would let him work on a project that interests him when his regular work is completed, something that involves using his hands as well as his head and gives him a legitimate reason for moving around.

Incidentally, don't buy his story about the other children. This is the stock excuse of every chatterbox in school. It takes two to tango, of course, but one can always put a stop to it.

When he comes home from school, make sure he plays hard outdoors. Too many children sit glued to television sets when they should be getting the fidgets out of their systems.

## Win At Bridge

## South Reviews Bids In Time

By JACOBY & SON  
Newspaper Enterprise Assn.

Possession of the spade suit in bridge is like control of the backboard in basketball. You may lose but you will have to have a lot of the worst of it to do so.

Expert South got into the bidding with one spade because he

wasn't vulnerable and he did have spades. He bid four spades as a sacrifice and was not at all surprised when he was doubled by East.

West opened the ace of hearts and continued with the queen. South ruffed, led the seven of diamonds and let it ride.

When the seven held the trick South's face lighted up. He drew trumps with three leads and led a second diamond. South was about to play dummy's queen when he decided to pause and reflect.

It was one of those all-expert rubber bridge games where anything can happen and usually does.

South went over the bidding carefully. West had shown up with the ace and queen of hearts. It was most unlikely that he would hold both the ace and king of clubs but probably he held the ace and queen. That left East with the king-jack of hearts and the king of clubs.

East had also jumped to four hearts. Wouldn't he need something extra such as the king of diamonds? Maybe he would have bid the same way with a singleton diamond. But would he have doubled four spades? Possibly, but not surely. With one diamond, four clubs, six hearts and two spades he might well have bid five hearts.

Could East have ducked with the king of diamonds? "You're darn right he could have," South decided. Up went the ace of diamonds and down went East's king!

But Chris got her dollar, and the trio left the bank happy once more, but much wiser about tearing paper to shreds. —D.K.S.

## Democrat Pick-ups

A worried girl rushed into the Sedalia Bank and Trust Co., last Friday afternoon, accompanied by two friends, seeking help. "Can you get enough out of these pieces to give me a good dollar?" the girl asked one of the tellers.

The teller looked at her as her hand shoved under the glass partition, opened and out fell little bits of paper. The girl had that worried look on her face, and out of her mouth came, "I hope mother doesn't find out about this or there'll be trouble for me."

Seems Chris was a little nervous for some reason and after unwrapping her bubble gum, began picking the wrapper apart, but what she failed to do was to separate wrapper from a dollar bill. Result both went in pieces, and as she passed one of the new Jaycee trash cans, dropped what she hadn't dropped before into the disposal.

Chris, with Judy and Cathy, went into the Sedalia Drug Store to get a Coke and as she started to order, she began flipping all through her pockets. No dollar bill — and they departed. Back to Flowers, J. C. Penneys, Woolworths, etc. And up the street they saw a boy pick up one piece of a dollar bill. They followed, picked it up when he dropped it and then started down the street, picking up a piece here and there.

Finally reaching the trash can they delved into it and retrieved a goodly number of pieces. "But," one girl said, "when I grabbed hold of an empty beer can, I said, 'Whoops that's all!'"

Fortunately the good woman at the bank discovered enough of the bill with serial numbers to replace it. It was really a cross-word puzzle getting it back together with the aid of a lot of Scotch tape.

But Chris got her dollar, and the trio left the bank happy once more, but much wiser about tearing paper to shreds. —D.K.S.

# what is Coffee Mill Flavor?

It's fresh-ground flavor you can't get in a can.  
Fresh-ground flavor you do get in A&P's whole-bean  
Eight O'Clock, Red Circle and Bokar Coffees.

You see, once the coffee bean is ground,  
the flavor begins to fade...  
even when it's vacuum-packed.

That's why, when we at A&P  
buy the finest coffees we can find,  
we bring them to you still in the bean.  
And we custom-grind them  
exactly right for your coffeemaker...  
right in your A&P.

Takes a little extra work, but we're happy to do it.  
That way we can be sure you'll enjoy the full, fresh taste  
of A&P's Coffee Mill Flavor.

Are A&P Coffees a good reason for shopping A&P?  
They're one of many.

## From Rich, New Area

## Forced Uprooting Faces National League's Future

MILWAUKEE, Wis. (AP) — The National League faced the threat today of a forced uprooting from its potentially rich new territory in Atlanta unless it bowed to a Wisconsin court order and restored baseball to Milwaukee.

The ruling by Circuit Judge Elmer W. Roller Wednesday night struck at the protective coating that has shielded baseball from antitrust laws since 1922 and left the young 1966 season under long legal shadows.

Roller, 64, found the Atlanta Braves and the National League in violation of Wisconsin antitrust law for pulling the Braves out of Milwaukee while refusing to grant the city a replacement team.

The judge said the Braves must return to Milwaukee, their home from 1953 through 1965, if the league fails to submit by noon May 16 a 1967 expansion plan that would include Milwaukee.

Baseball's reaction to the ruling, which climaxed a 38-day trial, was cautious.

A spokesman for Commissioner William Eckert issued a statement saying baseball intended to file an immediate appeal to the Wisconsin Supreme Court.

Later, Eckert telephoned The Associated Press and asked that the statement be withdrawn.

"I have no comment now," Eckert said. "I will take it under advisement."

Walter O'Malley, president of the Los Angeles Dodgers, said, "It seems to be utterly impossible to comply with the court's decision, but we'll be guided by the attorneys who have represented us in the litigation."

Wisconsin officials were delighted by Roller's decision, which gave the state precisely what it had sought.

Not only did Roller order the Braves' return in the absence of expansion agreement, but he assessed the National League and its 10 members fines of \$5,000 each.

The judge also ruled that the state is entitled to "costs and disbursements." State costs in the case could run into hundreds of thousands of dollars.

Atty. Gen. Bronson LaFollette hailed the decision and said Wisconsin "will have the benefit of a major league franchise operating in full compliance with the laws of this state."

LaFollette did not say how this would be done, nor did Willard S. Stafford, chief counsel for the state in the case.

But Wisconsin is expected to

seek contempt citations against the defendants should baseball ignore the May 16th deadline.

Contempt machinery would allow Wisconsin to seek support of states with National League teams in enforcing Roller's order.

Should even one of eight such states agree to comply, the National League schedule could be in shambles.

"The next move is up to base-

## Shortage Of Rebounds Bothersome

ST. LOUIS (AP) — If there were any disappointed St. Louis Hawks after Wednesday night's rousing 131-127 victory over the Los Angeles Lakers, it probably was Bill Bridges. He kept moaning about the rebound shortage.

"I can't believe I got only 11," he said.

But the way the Western Division playoffs of the National Basketball Association heated up the reason was clear. Almost everything that went up, went in.

To prolong the best-of-seven series to a seventh game, the Hawks had to overcome the Lakers' 50.5 per cent shooting from the field with 52.5 per cent of their own. Their shooting forced the teams' return to Los Angeles for the deciding game Friday night. The winner will meet the Boston Celtics for the NBA title.

"There weren't many baskets given away," said Hawks' Coach Richie Guerin, who hit eight of 16 himself, "although you wouldn't think so from the score."

Laker Coach Fred Schaus agreed.

"I was disgusted after we lost Sunday," he said. "but I thought we played well in this game. We made the Hawks take the shots we wanted them to take, but they hit them. They're not usually an outcourt shooting team."

"I told my boys at the quarter and again at the half that the Lakers are shooting the heck out of the basket, but couldn't keep that up," Guerin said. His club managed a 36-36 first quarter tie and a 69-68 halftime lead, although the Lakers shot better than 60 per cent and the Hawks "only" 56 per cent.

The torrid pace continued in the third period with the Hawks still ahead by one, but Guerin proved a prophet in the final period. The Lakers cooled off enough for the Hawks to go on a 17-2 spree behind Zelmo Beaty and Joe Caldwell that gave them a 126-114 lead. The Lakers couldn't catch up in spite of Jerry West's efforts.

Bridges himself hit 13 of 22 shots for 29 points, only outdone by West's 14 of 25 for 38 markers.

## Tigers Draw Bye In Sub-District Tourney

The Smith-Cotton Tiger baseball team drew a bye in the first round of the sub-district baseball tournament number 25, to be held April 18, 19 and 23 at Lowry City.

Two games will be played Monday, April 18, to start the tournament which leads to the state championship play-offs. Miami will meet Montrose at 6 p. m. and Deepwater will go against Hughesville Northwest at 8 p. m. Lowry City also drew a bye in the first round.

On Tuesday, April 19, Smith-Cotton will play the Miami-Montrose winner at 6 p. m., while Lowry City plays the Deepwater - Northwest victor. The championship contest will be played at 7 p. m. Saturday, April 23.

## Four Contests On Tap For S-C Varsity Team

The week-end will be a busy one for the Smith-Cotton varsity baseball squad with four contests on tap.

Coach Earl Finley's charges will go against the Oak Park team Thursday at North Kansas City at 3:15.

Friday the Tigers will tangle with North Kansas City on the Liberty Park diamond at 3:30 p.m.

The team will play in a doubleheader with two Springfield squads at Liberty Park Saturday. The Tigers will play Springfield Hillcrest at 1 p. m., with a second game against Springfield Glendale immediately following.

ball," said Stafford, who stalked the courthouse corridors through a nerve-racking day of waiting Wednesday. "If they can live with it, so can we," he said.

Roller, who worked 37 consecutive hours to put the final judgment in shape, said the delay in completing the 176-page document Wednesday was significant.

The judge would not elaborate on what he meant by significant but said settlement offers had been received both "before and during" the trial which ended April 6.

"All I can say is that there was discussion but no consummation," Roller said.

The judge said no baseball officials had contacted him recently to discuss a possible solution to the legal tangle.

## Dual Track Meet Awaits S-C Squad

The Smith-Cotton Bengal trackmen will face competitors from Clinton and Warrensburg in a triangular A-team meet at Clinton at 4 p.m. today. This will be the second time this season the Tiger team has faced the Clinton Cardinals. However, Warrensburg is a new foe. Up against these two teams, coach Fred Long is hoping for a victory.

The next scheduled meet is next Tuesday at Jennie Jaynes Stadium where the local cindermen will compete with the Jefferson City Jays.

## Athletics, Cards Face Frustration

By THE ASSOCIATED PRESS

The name of the game is frustration for the St. Louis Cardinals and the Kansas City Athletics.

The Cardinals tied the Philadelphia Phillies 2-2 in the eighth inning Wednesday night when speedy Lou Brock singled, stole second and sprinted home on a sharp single from Curt Flood. Then the Cardinals hung around until the 12th inning when a pinch hitter named John Herrnstein singled Rich Allen home and Philadelphia won 3-2.

Things were just as bad for the A's who were playing the American League champion twins at Minneapolis-St. Paul. Kansas City relief pitcher Paul Lindblad, a rookie, had stopped the muscled twins for four innings and the A's were tied 3-3. Zoilo Versalles and Sandy Valdespino led off the eighth with two straight singles. Tony Oliva then stepped to the plate and taught the rookie his manners by ripping the ball into the right centerfield bullpen to give the Twins a 5-3 victory.

Maybe Redbird manager Red Schoendienst had a point when he objected before the game to playing night baseball in the first week of the baseball season.

"By April 18th, or so, they could play night games," Schoendienst said. "But, they should forget about them the first week."

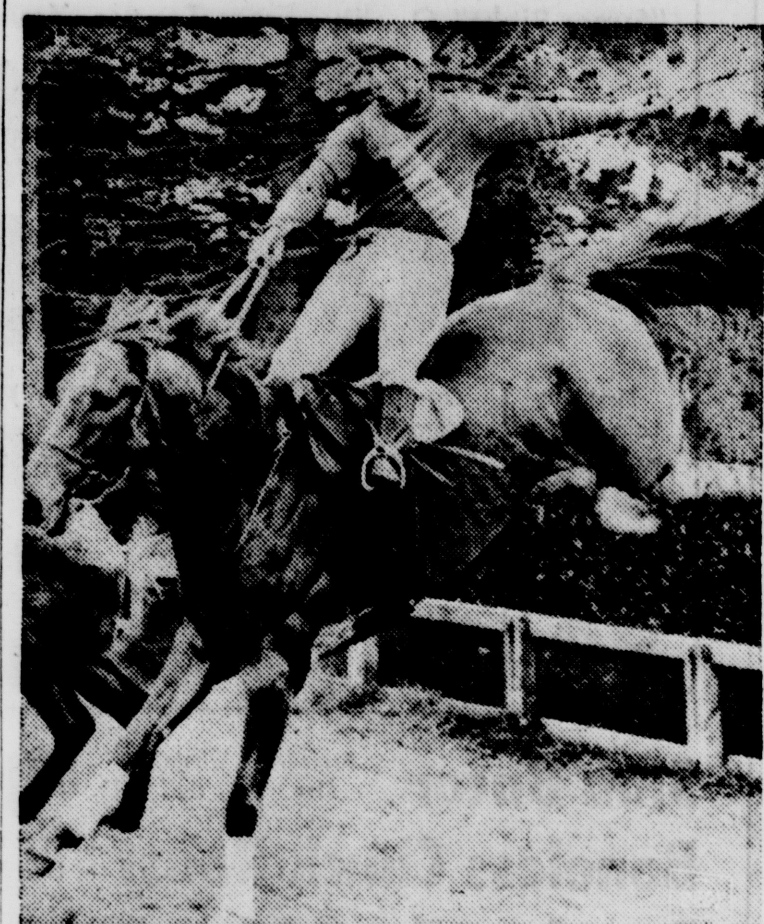

The excuse wouldn't work for Kansas City though. They played in the daytime.

Valdespino's two-run homer in the first for Minnesota was erased when Kansas City scored two unearned runs in the fourth. The Athletics got their other run in the third.

Larry Jaster, 3-0 last year, faces Jim Bunning, 19-9 as Jaster tries to put the Cardinals on the winning side of the ledger for the first time tonight at St. Louis.

Fred Talbot, 10-12, will start for Kansas City against the Twins' Jim Kaat, 18-11, at Minneapolis today.

RIDING HIGH—Jockey Tommy Redmond may be English. However, that's Texas cowboy form he's using in a steeplechase event in Sussex, England.

## In Oklahoma Line-Up

## Younger Players May Earn Spots

By JIM VAN VALKENBURG Associated Press Sports Writer

"Some of the older players are assuming they have spots nailed down and they are in for a shock," says Oklahoma State's dour head coach, Phil Cutchin. "The younger players are giving better effort and they'll get a chance to play."

Few persons in Stillwater doubt that Cutchin means what he says. Rumors have persisted since last fall that Cutchin would be loaded in 1966 with an outstanding group of redshirts to go with his talented crop of 1965 sophomores.

The sophs developed quickly late last fall as OSU came within seconds of upsetting Nebraska and upset Oklahoma in the final game of the season.

Cutchin named six young players who have "shown what it takes to be outstanding." They are end Jerry Philpott, 6-foot-5 and 212, tackle Ronnie Edwards, 203, center Jon Kolb, 220, fullback Larry Gosney, 210, and halfback Jack Reynolds 205, on offense; and linebacker Ron

Freeman, and back Terry Brown, 197, on defense.

Nebraska sophomore Mike Wynn, 6-foot-4 and 206, is drawing notice from Coach Bob Devaney at offensive end, where the Huskers need to replace Freeman White and Tony Jeter. Wynn and Bruce Harding are running behind Dennis Richnaffsky and Miles Kimmel at this stage, but this could change.

Among Missouri's top rookies is 212-pound Carl Garber, a red-shirt last fall, who could move to defensive guard if Bill Powell switches to tackle. Another good one is defensive back Chuck Webber.

Four members of Oklahoma's 1965 freshman team looked good in the latest Sooners scrimmage. It's likely all will be heard from next fall.

They are SanToi DeBose, a blue-chip halfback out with an injury most of the time last fall, Eddie Hinton, who ran 70 yards to score, and quarterbacks Chebon Dacon, 8 out of 16 for 112 yards, and Bob Warmack, 9 of 17 for 89.

The top quarterback, however, was junior Jim Bugar, with 9 of 12 for 252 and four touchdowns. Gene Cagle hit 5 of 11 for 103.

"Our linemen don't have enough quickness and speed," said Jim Mackenzie, new OU headman. "The hitting was awfully good at times, though."

## CMSC Golf Squad To Seek Third Victory

Warrensburg, Mo. — Central Missouri State's golf squad will seek its third dual-meet victory in a row Friday against Northwest Missouri State at Excelsior Springs.

The Mules topped Rolla here in 45-degree temperatures Monday, winning 11-7.

Medalist was Rolla's Steve Coats, with a 74.

In match play: Fred Park (Rolla) won over Steve Hopkins, 2-1.

Ronald Jessie (CMSC) over Don Traut, 3-0.

Steve Ferguson (CMSC) over Larry Parks, 2-1.

Chuck Aldrich (CMSC) over John Slook, 2-1.

Steve Coats (Rolla) over Tom Austin, 3-0.

Tim Sanja (CMSC) over Pete Legsdin, 3-0.

## In Season Opener

## Fumbling Performance Is Turned In By Top Hurler

By MURRAY CHASS Associated Press Sports Writer

Sandy Koufax must have had stage fright.

What else could account for his fumbling performance in his first start of the 1966 baseball season?

Koufax, who ended his 32-day holdout and his movie career at the same time two weeks ago, was battered from the mound in the fourth inning Wednesday night in Houston's 7-6 victory over Los Angeles.

The brilliant left-hander glittered in the first inning, but there was nothing award-winning about his performance after that. He gave up five runs on five hits and two walks and was around long enough only to pitch to one batter in the fourth inning.

Although Koufax encountered such games last season — however rare — he never made an error. He did against the Astros, though, and that's what led him off the stage.

After Sonny Jackson beat out an infield single with one out in the third inning, Jim Wynn grounded to the mound. Koufax fumbled the ball for an error, and the Astros had two runners on.

Dave Nicholson struck out for what would have been the third out, but Bob Aspromonte singled for one run and Joe Morgan clouted a homer for three more.

Koufax finally retired the side

only to have John Bateman lead off the next inning with a triple and retire Koufax.

The Dodger ace, who last year won his first start plus 25 more, thus departed with a fielding average of .000, a mere 1,000 points below his showing in 1965 when he accepted 46 chances flawlessly.

The Dodgers will settle for a little more flawless pitching.

In other National League games, Pittsburgh whipped

Atlanta 6-0, San Francisco defeated Chicago 4-0 and Philadelphia nipped St. Louis 3-2 in 12 innings. Rain washed out New York at Cincinnati for the third straight day.

In the American League, Baltimore crushed Boston 8-1 and Minnesota trimmed Kansas City 5-3. Rain took care of the Cleveland-Washington and Detroit-New York games.

After Morgan's homer gave the Astros a 5-3 lead, John Roseboro tied it with a two-run homer. The Astros finally won it in the ninth when Chuck Harrison singled, was sacrificed to second and raced home as Rusty Staub singled.

Vernon Law and Bob Bolin each pitched four-hitters and didn't walk anyone in the Pirates' and Giants' victories.

Law stopped Atlanta while Willie Stargell and Donn Clendenon each hit two-run homers. Stargell added two other hits and drove in another run.

Bolin allowed the Cubs to get more than one man on base only once. The Giants, meanwhile, put the game away with three runs in the third inning, two on Tito Fuentes' single that got through left fielder George Altman's legs.

John Herrnstein's pinch-hit, run-scoring single in the 12th inning carried Philadelphia past St. Louis. Rich Allen singled with two out and stole second before Herrnstein singled. Allen also figured in the Phillies' other two runs with a single and a double.

The next event was a one-fall, 15-minute time limit match between Betty Niccoli and Jean Antone. This event went 10 minutes and five seconds with Niccoli turning the trick when it appeared Antone would be the winner. As Antone was getting set for a press Niccoli switched and after several back flips pinned Antone for the fall.

Five minutes and 20 seconds of a match between the Stomper and Bob Brown had passed when Brown jumped from the ring and rushed to the dressing room. He had all he wanted of Stomper, who Tuesday night won the World Championship belt in a match at Kansas City. The match became extremely rough from the start and the fans were with Romanoff as he "plowed" into Brown, knocked Brown to the mat and started stomping. Brown succeeded in getting away, rolled under the ropes, out of the ring, and stomped the floor before he dashed away. Lee Henning awarded the match to Stomper by default.

Something new and different in the entertainment came when a special event was held which pitted Niccoli against Antone for a five-round boxing match lasting only three. The little women tossed the leather here and yon with Antone finally landing a hay-maker on Niccoli who took a 10 count in the third round after one minute and 40 seconds. But it was rip roaring to the more than 550 sports fans.

Texas rules were tame in the team-tag event which put the frosting on the wrestling entertainment. Texas rules were tame with what happened when Stomper met Brown and Myers clashed with the Viking. In the first fall the Viking and Brown succeeded in working Myers over, with Brown taking the press after 14 minutes and 50 seconds to win the fall.

The second fall was won by Myers after three minutes and 55 seconds when he got a reverse headlock, then body slammed Brown several times to press him to the mat for the fall. The third period opened with Stomper and Viking clashing. Brown endeavored to get into the ring and as the Viking and Brown bounced off the ropes with intentions of catching Stomper between them, Stomper moved from the position and Brown and his team mate clashed like two locomotives. Stomper then stomped Viking and sat

on him to gain the fall after two minutes slipped by.

After the match some heated words passed between Promoter Gust Karras and Brown over the action. It started on the steps to the stage where Karras was standing. It quieted down after a few exchanges of words, but resumed in the dressing room and Karras threatened to drop Brown from bookings in the area. This lasted for about five minutes until Brown left the dressing room to go to the showers.

Karras later said, "We'll have another topnotch show for next Tuesday night, but it is doubtful if I'll use Brown unless he changes his attitude toward the spectators. This I cannot permit," Karras said, in reference to remarks Brown made in the ring.

The quarter-finals have been split with Taylor and Roche not to see action until Friday.

Newcombe eliminated Cliff Buchholz of San Antonio, Tex., 6-1, 6-1.

Second-seeded Tony Roche of Australia also advanced to the quarter-finals but was extended before defeating Jack Jackson of Knoxville, Tenn., 2-6, 6-1, 6-3.

The first upset of the tournament was recorded in the second round when Roger Taylor of England defeated fourth-seeded Cliff Richey of Dallas 6-6, 6-4, 6-3.

The quarter-finals have been split with Taylor and Roche not to see action until Friday.

## Stanley Cup Play-Offs To Resume

By THE ASSOCIATED PRESS

The Stanley Cup playoffs resume in Toronto and Detroit tonight with both home teams decided underdogs now in the National Hockey League's best-of-seven playoff competition.

The Leafs, down 0-3 to Montreal's powerful Canadiens, are Red Wings are a little better off. They trail the Chicago Black Hawks, 11-2 in games.

Despite his team's standing, Toronto Coach Punch Imlach looks at the future optimistically. "Nothing's impossible," he said. "It depends on how much you want something."

Only one team in playoff history — the 1942 Maple Leafs — has overcome a 3-0 deficit. Toronto dropped three in a row to Detroit that year in the Cup final and then won the next four games.

The Leafs, riddled by injury and illness since the start of the series, still have three players below par physically.

The fifth Chicago-Detroit game is scheduled for Chicago Stadium Sunday afternoon and will be televised nationally.

In the other semifinal, a Toronto victory tonight will set up a fifth game Saturday night in Montreal where the Canadiens won the first two games, 4-3 and 2-0.

STRETCHING THINGS—Baltimore Orioles third baseman Brooks Robinson gets the proverbial "A" for effort, but his lunge couldn't prevent the ball from just getting by for a base hit.

## Missouri Is 1-2

## Top Big 8 Series On Tap For Friday

By JIM VAN VALKENBURG  
Associated Press Sports Writer

Oklahoma State, the league leader in pitching, plays at Iowa State, No. 1 in hitting, and potent Nebraska tests Oklahoma's surprising young pitchers at Norman in the top Big Eight baseball series Friday and Saturday.

OSU compiled a staff earned run average of 1.14 in a three-game sweep over Colorado last weekend. Iowa State hit .292 in taking two of three over Missouri's defending champs and title favorites.

Nebraska scored 30 runs in a three-game sweep over Kansas, with 12 of its 24 hits going for extra bases. Oklahoma scored only nine runs in a three-game set with Kansas State, but won two of them.

In the other series, Missouri, 1-2, is at Colorado, 0-3, and K-State, 1-2, is at Kansas, 0-3. Missouri and K-State are favored to get back on the winning track. One or both could be in the first division next Monday.

K-State is second to OSU with a 1.57 pitching staff ERA, with Colorado at 2.99, Missouri 3.91 and Nebraska 3.91.

Three pitchers in the Big Eight have a perfect ERA records in league play—Bob Ballard of K-State, Marv Flocchio of Iowa State and Gary Neibauer of Nebraska. All were questionable at the start of the season, Flocchio and Neibauer because of slow starts and Ballard because of knee surgery. He was the football team's punter last fall.

Behind them are OSU's Dick Frank at 1.00, Steve Wood of K-State 1.08, Scott Morton of Iowa State 1.29, Taylor Toomey of Colorado 1.50, Orv Hollrah of Missouri and John Pierce of OSU both 1.80, Gary Mann of Colorado 2.00 and Larry Peterson of Oklahoma 2.25.

Iowa State's Tim Van Galder,

Excitement clings to him like a dame!

Excitement clings to him like a dame!

## Braves Could Be Welcomed In 2 Cities In '66

MILWAUKEE, Wis. (AP) — The National League Braves faced the possibility today of being the only major league baseball team in history to be welcomed in two cities in the same season.

"If the Braves return to Milwaukee they will be mobbed," said Willard Stafford, the attorney who had led Wisconsin's forces in successful prosecution of the state's antitrust suit against baseball.

"I don't mean it will be an angry mob," the silver-haired lawyer said. "It would be more of a second honeymoon."

Stafford said, "I think this trial has purged the ill feeling of the average fan — and one thing is sure — we can do better than 10,000 attendance on the second night."

Griffith, Tiger Gain In Confidence

MIAMESHA LAKE, N.Y. (AP) — With the battle of champions only 11 days away, both middleweight king Dick Tiger and welterweight ruler Emile Griffith are getting more confident. At least, they're talking that way.

"I think I can knock him out," said Tiger, who risks his middleweight crown against Griffith at Madison Square Garden April 25.

## Decathlon Champ Last Effort

LAWRENCE, Kan. (AP)—Phil Mulkey, seven time decathlon champion at the Kansas Relays, is making his 12th and last appearance at the meet next week he says. Mulkey "retired" after winning another title in 1965.

The 34-year-old Memphis, Tenn. high school teacher holds the Kansas Relays record of 7,480 points for the 10-event grind, set in 1962. He won last year with 7,080, edging Steve Rodgers of Kansas State.

Leading challenger to Kansas freshman Jim Ryan in the Glenn Cunningham mile, among entrants received so far, is a former Missouri star, Robin Lingle, capable of pushing Ryan under the meet mark of 4:03.1 and possibly under four minutes.

The 18-year-old Ryan is the American record holder at 3:55.3.

Other entries received so far in the open mile are Jim Olson of Ann Arbor, Mich.; Glenn Blakely, Oklahoma State; John Mason, Fort Hays State and Larry Wiecek of Iowa.

Seventeen schools had entered in the university division through Wednesday, 14 in the college division and six in the freshman-junior college division.

Rice, Colorado State University, Minnesota, Air Force,

Southern Illinois, Arkansas, Tulsa, Missouri, Colorado, Oklahoma, Iowa State, Oklahoma State, Kansas, Texas, Iowa, Drake and Wichita are entered in the university division.

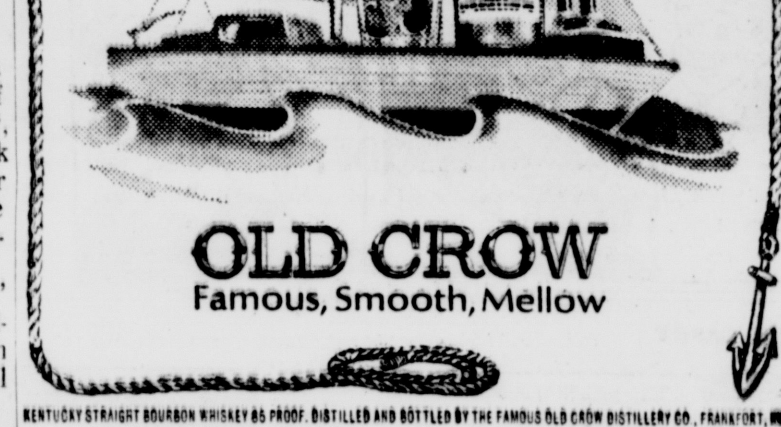

Kirkville State, Prairie View A&M, Emporia State, Chicago Loyola, Warrensburg State, East Texas State, Texas Southern, Fort Hays State, Oklahoma Christian, Harding of Arkansas, Lincoln of Missouri, Pittsburg State, Missouri Valley and Cape Girardeau State are entered in the college division.

Coffeyville, Wichita, Pittsburg Haskell, Hutchinson and Kansas are entered in the freshman-junior college division.

Black Muslims To Be Permitted Practice Of Religion In Jail

BUFFALO, N.Y. (AP) — A federal judge has ordered the state correction commissioner to put into effect within 30 days rules permitting the practice of religion by Black Muslims in state prisons.

Judge John O. Henderson of U.S. District Court said the current ban on such ceremonies was "a vehicle for suppression of the Black Muslim religion."

## New Step Could Hurt AL Hurlers

By HAL BOCK  
Associated Press Sports Writer

Baltimore is doing the Robinson Rock, a swinging new step that could make a lot of American League pitchers look like monkeys before this season is over.

It's really a simple step. First Frank Robinson works over an opposing pitcher. If the hurler still shows any signs of fight, Brooks Robinson steps in and finishes the job.

The Robinson boys continued their steady tattoo against the Boston Red Sox Wednesday as the Orioles completed a two-game sweep 8-1. In the only other American League game played, Minnesota used an eighth inning home run by Tony Oliva to get past Kansas City 5-3.

Rain and cold weather postponed Cleveland's game at Washington and Detroit's date at New York.

In the National League, Pittsburgh edged Los Angeles 7-6, Houston whipped Atlanta 6-0, San Francisco defeated Chicago 4-0 and Philadelphia nipped St. Louis 3-2 in 12 innings.

The Robinsons practiced their thunder and lightning routine on Dave Morehead after the Red Sox starter had struck out the first two batters he faced. Then Frank pounded his second homer of the season and Brooks followed with his No. 2.

That was enough for Jim Palmer, who limited the Red Sox to five hits and walloped a two-run homer of his own in the second. Paul Blair ripped a bases-loaded double for three more runs in the eighth.

The homers brought the Robinsons' two-day haul in Fenway Park to a combined 7-for-18 including four homers and six runs batted in.

Minnesota was trailing Kansas City 3-2 with Athletics' rookie Paul Lindblad working on four shutout innings of relief in the eighth when the Twins rallied.

With two out, Zoilo Versalles singled and moved up on Sandy Valdespino's hit. Then Oliva walloped his first homer into the bullpen in right center field, 420 feet away.

Valdespino had connected with a mate aboard for Minnesota's first two runs in the first inning.

## Dobbs' Decision On West Point A Secret

EL PASO, Tex. (AP) — Texas Western Football Coach Bobby Dobbs was back in El Paso today after a two-day visit to West Point. But whether he will fill the vacancy at Army remained a secret.

"If he is in El Paso," Texas Western athletic director George McCarty said Wednesday night, "we're going to get some kind of answer Thursday I'm sure."

Dobbs, who has four years to go on his contract at the El Paso school, is considered the leading candidate for the Army job which Paul Dietzel gave up to become coach and athletic director at South Carolina.

## Negotiations Are In Progress For New Defense By Cassius

LOUISVILLE, Ky. (AP) — Negotiations are in progress for Cassius Clay to defend his heavyweight title against British champion Henry Cooper next month in London.

The likely date for the fight is May 21, said Gordon B. Davidson, an attorney for Clay's Louisville sponsoring group.

Davidson said Wednesday arrangements for the bout might be completed within 10 days.

"Assuming that we can get a contract—and permission from the draft board—it seems likely that Clay will fight at least one more time before he goes into the Army," Davidson said.

Clay, who has appealed his 1-A draft classification, is expected to be called to active duty in late May if the appeal is rejected, Davidson said.

## Bob Hope's 'Special' Not Funny

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — Bob Hope is such a fine generous man and associated with such good causes that it almost seems ungrateful to be less than enchanted with any of his television programs.

But the truth is that sometimes — and Wednesday night was one of them — the "Bob Hope Comedy Specials" on NBC are not terribly amusing and seem to have been tossed together as casually as a salad.

The program Wednesday night was taped for broadcast four weeks ago but that was the night when the TV networks devoted the entire evening to covering the Gemini 8 splash-down and the recovery of the astronauts.

Hope's opening monologue, usually the brightest part of the show, is so current and typical that the original one was discarded and a new one substituted.

Favorite subject of Hope sketches over the years seems to be a burlesque of a current movie or television show. Wednesday night there was a comedy sequence based on a movie, "The Magnificent Seven" and called "The Putrid

Six." This involved a lot of slapstick gun play between Hope, playing a Mexican bandit, and Lee Marvin as a bounty hunter. This may have been mighty funny to those who have seen the movie but it was pretty well lost on those of us who had not.

"I Spy," NBC's jaunty secret agent series, has been renewed for another season, which it certainly deserves for it is one of the seasons better entertainment efforts. It concerned itself

### 378 Calls Mystery For 'Phone Customer

LOS ANGELES (AP) — Louis E. DeWitt says 378 calls the telephone company said he made are mysteries to him.

De Witt told the Public Utilities Commission he paid the General Telephone Co. \$1,000 for 378 calls too many last year.

He said the calls — to bars, restaurants and residential and business establishments — were not made by either him or his family.

A PUC examiner completed his hearings on the complaint Wednesday and said a recommendation would be made to the commission on a possible settlement.

### Student Affairs Will Not Recognize WEB

ST. LOUIS (AP) — Members of the Washington University Board of Student Affairs decided Wednesday not to recognize the university's W. E. B. Dubois Club chapter.

Dyckman Vermilye, associate provost for student affairs, said the club did not meet requirements "which includes the assurance that they are a bona fide, autonomous student group."

He did not mention a statement by J. Edgar Hoover, Federal Bureau of Investigation director, that the Dubois clubs are "spawned by the Communist party, U.S.A."

### Repairman 'Fixes' Weight On Purses

LOS ANGELES (AP) — The "air conditioning repairman" walked into the building and went to work — rifling purses left by women office workers who were on a coffee break.

Police said the thief took \$150 Wednesday and left without even looking at the disabled air-conditioning system.

To make matters worse, officers shamefacedly reported, the

scene of the crime was a gathering place for off-duty police — men and women — and firemen: the Police and Fire Protective League.
